

## Dominic Tremblay, M.Sc., CFA

Analyst  
Foreign Equities

Dominic Tremblay is responsible for analyzing investment opportunities in foreign equities (healthcare, telecommunications services and, to an extent, financial services). With Mr. Nadim Rizk, he participates in the management of our foreign equity strategies.

### Education

- Chartered Financial Analyst (CFA) – 2009
- Master of Finance (M.Sc.), Université de Sherbrooke – 2005
- Bachelor of Administration, Université de Sherbrooke – 2003

### Professional experience

- 2007 – 2009: U.S. equity analyst at Fleming Vanar Asset Management (financial services, consumer staples and consumer discretionary, healthcare, and telecommunications services).
- 2005 – 2007: Financial analyst for venture capital at Multiple Capital, responsible for the analysis and evaluation of the entire high tech and biotechnology company portfolio.
- 2004 : Financial analyst for venture capital at Innovatech Montréal (health sciences).
