MANAGEMENT INFORMATION CIRCULAR

This Circular is being furnished to holders (the “**Shareholders**”) of the class A subordinate voting shares (the “**Class A Subordinate Voting Shares**”) and class B special voting shares (the “**Class B Special Voting Shares**”), and together with the Class A Subordinate Voting Shares, the “**Shares**”) of Fiera Capital Corporation (“**Fiera Capital**”, or the “**Firm**”) in connection with the solicitation of proxies by management of Fiera Capital for use at the annual general and special meeting of the Shareholders of the Firm (the “**Meeting**”) to be held at the **Centre Mont-Royal, 2200 Mansfield Street, Montréal, Québec, H3A 3R8** on **May 30, 2019**, at **9:30 a.m.** (EDT) and any adjournment or postponement thereof.

Information in this Circular is given as of April 15, 2019, except as otherwise indicated herein. Unless otherwise indicated, dollar amounts are expressed in Canadian dollars.

VOTING INFORMATION AND GENERAL PROXY MATTERS

Persons Making the Solicitation

This Circular is being furnished to Shareholders of Fiera Capital in connection with the solicitation of proxies by and on behalf of management of Fiera Capital for use at the Meeting to be held at the **Centre Mont-Royal, 2200 Mansfield Street, Montréal, Québec, H3A 3R8** on **May 30, 2019**, at **9:30 a.m.** (EDT) and any adjournment or postponement thereof. Proxies are solicited primarily by mail. However, proxies may also be solicited by other means of communication or directly by officers or employees of Fiera Capital, but without additional compensation. Fiera Capital will bear the cost of the solicitation.

Proxy Instructions and Revocability of Proxy

Accompanying this Circular is a form of proxy for use at the Meeting. If you are unable to attend the Meeting in person, please exercise your right to vote by completing the enclosed form of proxy and returning it to the Computershare Investor Services Inc. (the “**Transfer Agent**”) at 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1. A form of proxy must be received by the Transfer Agent at or prior to 5:00 p.m. (EDT) on May 28, 2019, or, if the Meeting is adjourned, not later than 48 hours, excluding Saturdays, Sundays and holidays, prior to any such adjourned Meeting. Failure to so deposit a form of proxy will result in its invalidation.

The persons named in the enclosed form of proxy are directors and/or officers of Fiera Capital. **A Shareholder may appoint a person other than such persons named in the enclosed form of proxy to represent them at the Meeting. Any Shareholder wishing to appoint a person (who need not be a Shareholder) to represent such Shareholder at the Meeting other than the persons designated in the accompanying form of proxy may do so either by inserting such person’s name in the blank space provided in the appropriate form of proxy or by completing another form of proxy and in either case sending or delivering the properly completed and signed form of proxy to the Transfer Agent prior to 5:00 p.m. (EDT) on May 28, 2019, or, if the Meeting is adjourned, not later than 48 hours, excluding Saturdays, Sundays and holidays, prior to any such adjourned Meeting.**

The form of proxy must be executed by the Shareholder or the Shareholder’s attorney authorized in writing, or if the Shareholder is a corporation, the form of proxy should be signed in its corporate name under its corporate seal by an authorized officer whose title should be indicated. A proxy signed by a person acting as attorney or in some other representative capacity should reflect such person’s capacity following such person’s signature and should be accompanied by the appropriate instrument evidencing qualification and authority to act (unless such instrument has been previously filed with Fiera Capital).

On any ballot that may be called for at the Meeting, the persons named in the accompanying form of proxy will vote the Shares in respect of which they are appointed in accordance with the direction of the Shareholder appointing them and, if the Shareholder specifies a choice with respect to any matter to be acted upon on which the holders of such Shares are entitled to vote, the Shares will be voted accordingly. **In the absence of such direction, such Shares will be voted “FOR” in respect of all matters described herein.** The accompanying form of proxy confers discretionary authority upon the persons named therein with respect to amendments to or variations of the

matters identified in the Notice of Meeting accompanying this Circular and with respect to other matters that may properly be brought before the Meeting.

A Shareholder who has given a form of proxy may revoke it prior to a vote being cast pursuant to its authority by an instrument in writing executed by such Shareholder or by such Shareholder's attorney duly authorized in writing or, if the Shareholder is a corporation, by an officer or attorney thereof duly authorized and deposited either with the Secretary of Fiera Capital at the head office of Fiera Capital, 1501 McGill College Avenue, Suite 800, Montréal, Québec, H3A 3M8, or at the above-mentioned office of the Transfer Agent on or before the last Business Day preceding the day of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting, or any adjournment thereof. It is anticipated that the head office of Fiera Capital will move to 1981 McGill College Avenue, Suite 800, Montréal, Québec, H3A 0H5 as of May 31, 2019.

Advice to Non-Registered Shareholders (or Beneficial Shareholders)

The Notice of Meeting, the Circular and the form of proxy (collectively, the "**Meeting Materials**") are being sent to both registered and non-registered owners of the Shares ("**Registered Shareholders**" and "**Non-Registered Shareholders**", respectively). If you are a Non-Registered Shareholder, and Fiera Capital (or its agent) has sent these materials directly to you, your name and address and information about your holdings of Shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding Shares on your behalf (the "**Intermediary**").

Only Registered Shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. Most Shareholders are Non-Registered Shareholders because the Shares they own are not registered in their names but are instead registered in the name of the Intermediary through which they purchased the Shares. Shares beneficially owned by a Non-Registered Shareholder are registered either: (i) in the name of a broker, custodian, nominee or other Intermediary that the Non-Registered Shareholder deals with in respect of the Shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIAs, RESPs and similar plans); or (ii) in the name of a clearing agency (such as CDS Clearing & Depository Services Inc.) of which the broker, custodian, nominee or other Intermediary is a participant. In accordance with applicable securities law requirements, Fiera Capital will have distributed copies of the Meeting Materials to the clearing agencies and Intermediaries for distribution to Non-Registered Shareholders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless a Non-Registered Shareholder has waived the right to receive them. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will either: (i) be given a voting instruction form which is not signed by the broker, custodian, nominee or other Intermediary and which, when properly completed and signed by the Non-Registered Shareholder and returned to the broker, custodian, nominee or other Intermediary or its service company, will constitute voting instructions (often called a "voting instruction form") which the broker, custodian, nominee or other Intermediary must follow (Non-Registered Shareholders should follow carefully the instructions provided in the voting instruction form by using one of the described methods provided to vote their Shares); or (ii) be given a form of proxy which has already been signed by the broker, custodian, nominee or other Intermediary (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed by the broker, custodian, nominee or other Intermediary. Because the broker, custodian, nominee or other Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Shareholder when submitting the proxy. In this case, the Non-Registered Shareholder who wishes to submit a proxy should properly complete the form of proxy and deposit it with the Transfer Agent at the address and prior to the date and time set forth under the heading "Proxy Instructions on Revocability of Proxy" in this Circular.

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the Shares they beneficially own. Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should, in the case of a form of proxy, strike out the persons named in the form of proxy and insert the Non-Registered Shareholder or such other person's name in the blank space provided, or in the case of a voting instruction form, follow the instructions provided by his or her broker, custodian, nominee or other Intermediary or its service company, as the case may be. In either case, a Non-Registered Shareholder should carefully

follow the instructions of his or her broker, custodian, nominee or other Intermediary or its service company, as the case may be, including those regarding when and where the proxy or voting instruction form is to be delivered.

A Non-Registered Shareholder who wishes to revoke a waiver of the right to receive Meeting Materials and to vote his or her Shares, change his or her vote or revoke a voting instruction form must, in sufficient time in advance of the Meeting, provide written notice to his or her broker, custodian, nominee or other Intermediary or its service company, as the case may be, and follow the instructions provided by such broker, custodian, nominee or other Intermediary or service company.

Voting Securities and Principal Holders of Voting Securities

As at April 15, 2019, there were 80,410,607 Class A Subordinate Voting Shares and 19,412,401 Class B Special Voting Shares issued and outstanding.

Class A Subordinate Voting Shares and Class B Special Voting Shares each carry one vote per share for all matters other than the election of Fiera Capital's board of directors (the "**Board of Directors**"). With respect to the election of directors, the holders of Class A Subordinate Voting Shares are entitled, voting separately as a class, to elect one-third (rounded up to the nearest whole number) of the members of the Board of Directors (the "**Class A Directors**"), while holders of Class B Special Voting Shares are entitled, voting separately as a class, to elect two-thirds (rounded down to the nearest whole number) of the members of the Board of Directors (the "**Class B Directors**"). Both classes of directors shall serve the same term of office and shall be equal in all respects.

As at April 15, 2019, Fiera Capital L.P. ("**Fiera LP**") is the only holder of Class B Special Voting Shares. Fiera Holdings Inc. ("**Fiera Holdings**"), as general partner of Fiera LP, determines how the Class B Special Voting Shares owned by Fiera LP will be voted. As at April 15, 2019, (i) Arvestia Inc. ("**Arvestia**"), which is controlled by DJM Capital Inc. ("**DJM**"), a company indirectly controlled by Jean-Guy Desjardins, owns approximately 62.80% of the issued and outstanding shares of Fiera Holdings; and (ii) Desjardins Financial Holding Inc. (formerly Desjardins Société Financière inc.) ("**DFH**") owns approximately 37.20% of the issued and outstanding shares of Fiera Holdings. DFH is an indirect wholly-owned subsidiary of Fédération des caisses Desjardins du Québec. Pursuant to a unanimous shareholders' agreement of Fiera Holdings, as long as Fiera LP shall be entitled to elect two-thirds of the members of the Board of Directors of Fiera Capital, DFH shall be entitled to appoint two of the eight directors of Fiera Capital that the holders of Class B Special Voting Shares are entitled to elect. In order to maintain the rights described above, DFH is required to maintain a minimum ownership level in Fiera Capital and a specified minimum level of assets under management by Fiera Capital.

Prior to the December 21, 2017 closing of Fiera Capital's bought deal public offerings of Class A Subordinate Voting Shares and 5.00% convertible unsecured subordinated debentures (the "**Bought Deal Offerings**"), National Bank of Canada ("**National Bank**") was entitled to appoint two of the four directors of Fiera Capital that the holders of Class A Subordinate Voting Shares were entitled to elect, pursuant to the now terminated investor rights agreement between the Firm and National Bank dated April 2, 2012, which was entered into concurrently with the closing of the acquisition of substantially all of the assets of Natcan Investment Management Inc. ("**Natcan**") from National Bank (the "**Natcan Transaction**"). As National Bank's beneficial ownership in Fiera Capital, immediately following the closing of the Bought Deal Offerings, fell below 20% of all issued and outstanding Class A Subordinate Voting Shares and Class B Special Voting Shares calculated on a non-diluted basis, National Bank is no longer entitled to appoint any directors of Fiera Capital. To ensure continuity of the relationship between the two organisations, Mr. Martin Gagnon, one of National Bank's two former appointees, is standing for re-election.

The Class A Subordinate Voting Shares are "restricted securities" within the meaning of relevant Canadian regulations respecting securities in that they do not carry equal voting rights as those attached to the Class B Special Voting Shares with respect to the election of directors. Please see "Business of the Meeting - Election of Directors". Prior to the Class B Termination Date (as defined below), the Class B Special Voting Shares are convertible into Class A Subordinate Voting Shares on a one-for-one basis, at the option of the holder. A Class B Special Voting Share will be automatically converted into one Class A Subordinate Voting Share when such Class B Special Voting Share is sold, assigned or transferred by Fiera LP to any person. On the 20th day following the Class B Termination Date, all outstanding Class B Special Voting Shares will be converted into Class A Subordinate Voting Shares (and the name of the Class A Subordinate Voting Shares will change to common shares). In the aggregate, the voting rights associated with the Class A Subordinate Voting Shares represented, on April 15, 2019, approximately 80.55% of the voting rights attached to all of the issued and outstanding voting securities of Fiera Capital.

The “**Class B Termination Date**” means the earlier of the following dates:

- (a) the date that is 90 days after the date Fiera LP ceases to own and control a number of Class B Special Voting Shares and Class A Subordinate Voting Shares acquired as a result of the exercise by Fiera LP of its rights under the investor agreement dated September 1, 2010 between Fiera Holdings and Fiera Capital (the “**Investor Agreement**”) that is at least 20% of the total number (rounded down to the nearest whole number) of issued and outstanding Class A Subordinate Voting Shares and Class B Special Voting Shares in circumstances where Fiera LP has not, during such 90 day period, acquired a sufficient number of Class A Subordinate Voting Shares or additional Class B Special Voting Shares such that the total number of (x) Class A Subordinate Voting Shares acquired by Fiera LP during such 90 day period, (y) Class A Subordinate Voting Shares acquired as a result of the exercise by Fiera LP of its rights under the Investor Agreement, and (z) Class B Special Voting Shares owned and controlled by Fiera LP is at least 20% of the total number (rounded down to the nearest whole number) of Class A Subordinate Voting Shares and Class B Special Voting Shares that are issued and outstanding at the applicable time; and
- (b) the date that any person who is not (i) an employee, officer or director of Fiera Capital; (ii) Jean-Guy Desjardins; or (iii) DFH or any other subsidiary corporation or other entity that is wholly-owned, directly or indirectly, by Fédération des caisses Desjardins du Québec, where DFH or such other subsidiary corporation or other entity acquires, directly or indirectly, control of Fiera LP, in each case pursuant to the Fiera Shareholders Agreement (as defined below), after the death of Jean-Guy Desjardins or as a result of the exercise by DFH or such other subsidiary corporation or other entity of its rights to acquire a direct or indirect interest in Fiera LP, (any such person, a “**Manager**”), or who is not a Permitted Transferee (as defined below) of a Manager, acquires control of Fiera LP; for purposes hereof, an acquisition of control of Fiera LP will occur if a person, other than a Manager or a Permitted Transferee of a Manager, acting alone or jointly in concert with others, (x) acquires, directly or indirectly, beneficial ownership of, or control or direction over, equity or voting interests in Fiera LP which, together with any voting interests beneficially owned or controlled by such person prior to such date, represent 50% or more of the issued and outstanding equity or voting interests of Fiera LP, or (y) otherwise acquires, directly or indirectly, whether by contract or otherwise, the right to control the affairs of Fiera LP.

The term “**Fiera Shareholders Agreement**” means the amended and restated agreement between, *inter alia*, Arvestia and DFH (or any other subsidiary corporation or other entity that is wholly-owned, directly or indirectly, by Desjardins) which deals with, *inter alia*, the direct or indirect interests of such parties in Fiera Capital or Fiera LP, as such agreement may be amended, supplemented, replaced, restated, or otherwise modified from time to time. The term “**Permitted Transferee**” means (i) a corporation controlled by the Manager; (ii) a trust of which the Manager is a trustee that has been established for the benefit of the Manager and/or one or more members of the Manager’s immediate family; or (iii) in the event of the death of a Manager, the Manager’s estate, provided, however, that such estate will be a Permitted Transferee only for the period during which such estate is permitted to hold such equity or voting interests under the limited partnership agreement among the limited partners or under any replacement agreement entered into as part of an Internal Reorganization. The term “**Internal Reorganization**” means any dissolution, amalgamation, share exchange, rollover, reorganization or other similar transaction that does not result in a change in persons who ultimately, directly or indirectly, own and control the Class B Special Voting Shares.

On September 1, 2010, upon closing of an arrangement involving Sceptre Investment Counsel Limited (“**Sceptre**”) and Fiera Holdings (the “**Arrangement**”), Computershare Trust Company of Canada, as trustee for the benefit of holders of Class A Subordinate Voting Shares, and certain persons with direct and indirect interests in Class B Special Voting Shares, entered into a coattail agreement (the “**Coattail Agreement**”). The Coattail Agreement contains provisions having the effect of preventing transactions that otherwise would deprive the holders of Class A Subordinate Voting Shares of rights under applicable provincial take-over bid legislation to which they would have been entitled if the Class B Special Voting Shares had been Class A Subordinate Voting Shares.

Principal Investors Agreement and Voting Arrangements/Put Option Agreements

DFH, National Bank, DJM, Arvestia, Fiera Holdings and Fiera LP entered into a principal investors agreement dated as of April 2, 2012 (the “**Principal Investors Agreement**”) and a voting arrangements/put option

agreement was entered into on such same date between Jean-Guy Desjardins and National Bank (the “**Voting Arrangements Agreement**”), each of which became effective on closing of the Natcan Transaction.

JGD Put Right

Pursuant to the Voting Arrangements Agreement, in the event of a disagreement between Jean-Guy Desjardins and National Bank in connection with Extraordinary Business (as defined below) subject to shareholder approval, such that Jean-Guy Desjardins, subject to certain conditions, elects to exercise his put rights under the Voting Arrangements Agreement (the “**JGD Put Right**”) and delivers an irrevocable written notice of sale (the “**Notice of Sale**”) of his intention to sell for cash all Class A Subordinate Voting Shares and Class B Special Voting Shares then indirectly owned by DJM through Fiera LP, National Bank will be required to purchase 75% of these Class A Subordinate Voting and Class B Special Voting Shares converted to Class A Subordinate Voting Shares (collectively, the “**Offered Class A Subordinate Voting Shares**”), subject to the completion of certain steps, rights and conditions. In circumstances where Jean-Guy Desjardins exercises the JGD Put Right, DFH will be obligated to offer all of its indirect interest in Fiera Capital then held by DFH for sale for cash consideration equal to the Market Price of the Class A Subordinate Voting Shares as determined in accordance with Section 1.11 of Multilateral Instrument 62-104 - *Take-Overs Bids and Issuer Bids* (the “**Market Price**”). If Mr. Desjardins issues a Notice of Sale, DFH shall be obliged to give a concurrent notice of sale of all of the Class A Subordinate Voting Shares and Class B Special Voting Shares then indirectly owned by DFH through Fiera LP to National Bank and Arvestia, provided the obligation of National Bank to acquire Shares from DFH pursuant to DFH’s sale obligations following the exercise of the JGD Put Right shall not exceed 4,693,470 Shares. If in connection with the JGD Put Right Arvestia purchases shares in its share capital from DJM, Arvestia shall exercise its option to purchase Shares from DFH proportionately as between Mr. Desjardins and DFH.

The Voting Arrangements Agreement also provides for the voluntary conversion by Fiera LP of all remaining Class B Special Voting Shares upon the closing of the purchase by National Bank of 75% of the shares of Fiera Capital indirectly held by DJM pursuant to the JGD Put Right (being equal to 8,994,643 Shares as at the date hereof; 75% of such shares being equal to 6,745,982 shares on the date hereof). The Class B Special Voting Shares sold pursuant to the JGD Put Right will be converted into an equal number of Class A Subordinate Voting Shares prior to their transfer in accordance with the terms of the Articles of Fiera Capital. “**Extraordinary Business**” for purposes of the Voting Arrangements Agreement means any matter that comes before the shareholders other than (i) the election of the Board of Directors’ members; (ii) the approval of the Firm’s auditor; (iii) any transaction out of the ordinary course of business in relation to the conduct of business of the Firm with (directly or through any affiliate) DFH, a bank, trust company, credit union, insurance company or any other financial institution engaged in activities of similar nature to those of a bank, trust company, credit union, or insurance company (including any acquisition, strategic partnering and the acquisition or creation of mutual funds to be distributed under a prospectus); and (iv) any other matter out of the ordinary course of business in relation to the conduct of business of the Firm that would require the prior approval or consent of DFH (or an affiliate) pursuant to any agreement between Jean-Guy Desjardins (or an affiliate) and DFH (or an affiliate) entered into subsequent to the execution of the Voting Arrangements Agreement.

The purchase price of the shares pursuant to the JGD Put Right and the shares then indirectly owned by DFH through Fiera LP shall be equal to the Market Price of the Class A Subordinate Voting Shares as determined in accordance with Section 1.11 of Multilateral Instrument 62-104 - *Take-Over Bids and Issuer Bids* on the date of the delivery to National Bank and Arvestia of the Notice of Sale. The purchase price will be payable as follows: (a) 50% cash at closing and 50% in the form of a promissory note payable one year from closing and bearing interest, payable quarterly, at the National Bank one-year Guaranteed Investment Certificate rate; or (b) in the case of Mr. Desjardins, at his discretion, in lieu of the cash and the promissory note, in whole or in part, subject to the Toronto Stock Exchange (“**TSX**”) approval, freely tradable (subject to customary resale restrictions under applicable securities laws) common shares of National Bank; provided that DFH will receive its consideration concurrently with receipt by Mr. Desjardins and DJM of their consideration, if such consideration is cash or National Bank common shares, and if DJM is receiving at closing more than 50% of the aggregate purchase price payable to it, including by receipt of National Bank common shares, then DFH will be entitled to receive at closing such greater percentage of the purchase price.

Upon the closing of the purchase and sale of the Offered Class A Subordinate Voting Shares by Mr. Desjardins to National Bank pursuant to the exercise of the JGD Put Right, certain events shall occur, including:

- (a) Mr. Desjardins and all his related entities shall enter into a non-compete and non-solicitation agreement for the benefit of National Bank, Fiera Capital and their affiliates; and

- (b) all Class B Special Voting Shares will be voluntarily converted by Fiera LP into Class A Subordinated Voting Shares on a one-for-one basis.

If Arvestia declines to purchase at least 25% of the interest offered to it from DFH (or Jean-Guy Desjardins), then DFH, Jean-Guy Desjardins and DJM shall continue to hold their remaining indirect interests in Fiera Capital through Fiera LP and DFH's rights under the amended and restated limited partnership agreement regarding Fiera LP dated as of April 2, 2012, as amended from time to time, the unanimous shareholders' agreement governing Fiera Holdings and the agreements entered into by DFH in connection with the Natcan Transaction, including tag along rights but excluding the DFH Option shall continue to apply to DFH's remaining indirect ownership of Shares, if certain conditions are met or subject to certain adjustments.

The conditions of the JGD Put Right provide that its holder may not elect to exercise their rights if it is in possession of material information not known to the public and that the exercise price of the JGD Put Right shall not exceed, as at the date of exercise of the JGD Put Right, as the case may be, 115% of the Market Price of the Class A Subordinate Voting Shares as determined in accordance with Multilateral Instrument 62-104 – *Take-Over Bids and Issuer Bids*, on such date. The grant of the JGD Put Right and the sale of the underlying shares thereof shall be in accordance with applicable securities legislation, including, without limiting the generality of the foregoing, any disclosure requirements regarding early warning reports, insider reporting and material change reports.

Voting Arrangements Agreement

Jean-Guy Desjardins and National Bank entered into the Voting Arrangements Agreement on April 2, 2012, concurrent with the closing of the Natcan Transaction, in respect of the manner in which they vote the Class B Special Voting Shares and the Class A Subordinate Voting Shares controlled and/or owned, directly or indirectly, by them.

Pursuant to the Voting Arrangements Agreement, Jean-Guy Desjardins will, for so long as Fiera LP holds Class B Special Voting Shares entitling Fiera LP to elect two-thirds of the Board members, vote and will cause Fiera LP to vote, at all annual and special meetings of shareholders to elect board members, all Class B Special Voting Shares held, directly or indirectly, or controlled by Mr. Desjardins in order to elect Fiera LP's nominees and a sufficient number of independent Board members to ensure that the Board is composed of a majority of independent Board members as contemplated under National Instrument 52-110 – *Audit Committees*.

In the event that the Class B Special Voting Shares are converted into Class A Subordinate Voting shares or otherwise lose their entitlement to elect two-thirds of the Board members, the election of the other Board members shall be considered Extraordinary Business for purposes of the Principal Investors Agreement and the Voting Arrangements Agreement.

The record date for the determination of Shareholders entitled to receive notice of and to vote at the Meeting has been fixed at the close of business on April 16, 2019. Fiera Capital will prepare a list of holders of Shares as of the close of business on such record date. Each holder of Shares named in the list will be entitled to vote the Shares shown opposite such holder's name on the list at the Meeting. All such holders of Shares of record are entitled either to attend and vote thereat in person the respective Shares held by them or, provided a completed and executed proxy which will have been delivered to the Transfer Agent at the address and prior to the date and time set forth under "Proxy Instructions on Revocability of Proxy" in this Circular, to attend and vote thereat by proxy the respective Shares held by them.

To the knowledge of the directors and executive officers of Fiera Capital, the only persons or companies which, as at April 15, 2019, beneficially own, directly or indirectly, or control or direct voting securities of Fiera Capital carrying more than 10% of the voting rights attached to the voting securities of Fiera Capital are as follows:

Name	Number of Class A Subordinate Voting Shares	Percentage of Class A Subordinate Voting Shares	Number of Class B Special Voting Shares	Percentage of Class B Special Voting Shares	Percentage of Issued and Outstanding Shares
Fiera Capital LP ⁽¹⁾	6,275,288	7.80%	19,412,401	100%	25.73%
Natcan Investment Management Inc. ^{(2), (3)}	17,583,484	21.87%	-	-	17.61%

Notes:

⁽¹⁾ Fiera Holdings, as general partner of Fiera LP, determines how the Class B Special Voting Shares owned by Fiera LP will be voted. As at April 15, 2019 (i) Arvestia, which is controlled by DJM, a company indirectly controlled by Jean-Guy Desjardins, owns approximately 62.80% of the issued and outstanding shares of Fiera Holdings; and (ii) DFH owns approximately 37.20% of the issued and outstanding shares of Fiera Holdings. In addition to the foregoing, DJM directly owns 2,738,206 Class A Subordinate Voting Shares representing 3.41% of the issued and outstanding Class A Subordinate Voting Shares and 2.74% of the issued and outstanding Shares.

Election of Directors

As described under the heading “Voting Securities and Principal Holders of Voting Securities” of this Circular, the holders of Class A Subordinate Voting Shares and the holders of Class B Special Voting Shares are entitled, voting separately as a class, to elect one-third (four of the twelve directors) and two-thirds (eight of the twelve directors), respectively, of the members of Fiera Capital’s Board of Directors. The articles of Fiera Capital provide that the Board of Directors will have twelve members. The term of office of each director will expire upon the next annual election of directors or the election of his or her successor unless he or she resigns from office or his or her office becomes vacant by death, removal or other cause. At the Meeting, there will be a separate vote (at which only the holders of Class A Subordinate Voting Shares will be entitled to vote) in respect of the election of each of the four nominees referred to below as Class A Directors, and a further separate vote (at which only the holders of Class B Special Voting Shares will be entitled to vote) in respect of the election of each of the eight nominees referred to below as Class B Directors. As provided for in the enclosed form of proxy or voting instruction form, the Shareholders may vote for each director individually, subject to the particularities described under the heading “Voting Securities and Principal Holders of Voting Securities”. Moreover, on March 20, 2013, the Board of Directors adopted a majority voting policy, revised on April 15, 2019, which is described under the heading “Majority Voting Policy” on page 13 of this Circular.

Each of the nominees listed below, except Norman M. Steinberg, is currently a director of Fiera Capital and each nominee is proposed to be elected as a director of Fiera Capital to serve until the termination of the next annual meeting of shareholders or until his or her successor is elected or appointed.

The following tables set forth the name and province or state and country of residence of each individual proposed to be nominated at the Meeting for election as a director of Fiera Capital, as well as each individual’s position within Fiera Capital (where applicable), their period of service as director, information relating to committee membership, independence, meeting attendance, principal occupation within the five preceding years and the number of securities of Fiera Capital beneficially owned or controlled, directly or indirectly, by each such individual.

Approval of Unallocated Entitlements under Certain Security Based Compensation Plans

The Firm’s Security Based Compensation Plans, including the Stock Option Plan, the RSU Plan, the PSU Plan and the PSU / UAR Plan Applicable to Business Units, as such terms are defined and further described in the section “Statement of Executive Compensation”, are used to both support the Firm’s growth through acquisitions of other industry participants as well as to attract and retain senior key employees.

As a result of amendments approved by Shareholders on June 15, 2017 (the “**Rolling Plan Amendments**”), the Stock Option Plan, the RSU Plan, the PSU Plan and the PSU / UAR Plan Applicable to Business Units are each a security based compensation arrangements which do not have a fixed maximum aggregate number of securities issuable thereunder and therefore, pursuant to section 613(a) of the TSX Company Manual, the unallocated entitlements under such plans must be approved by Shareholders every three years. Fiera Capital however decided to seek such approval two years following approval of the Rolling Plan Amendments by the Shareholders and therefore is seeking such approval for the first time at the Meeting. Following amendments approved by Shareholders on June 7, 2018, each of the Stock Option Plan, the RSU Plan, the PSU Plan and the PSU / UAR Plan Applicable to Business Units is also an “evergreen plan”; which is a plan that provides for the replenishment of the number of Class

A Subordinate Voting Shares reserved for issuance under a plan once Class A Subordinate Voting Shares are issued following exercise of Options or for payment in respect of unit awards that have vested thereunder. The term “entitlements” refers to the Options, RSUs, PSUs, PSU BUs and UAR BUs (each as defined herein) which may be granted under such plans. Options, RSUs, PSUs, PSU BUs and UAR BUs are considered to be “allocated” under a plan when they are granted to a participant and Options, RSUs, PSUs, PSU BUs and UAR BUs that remain available for grant under a plan are referred to as “unallocated”.

The maximum number of Class A Subordinate Voting Shares which may be reserved and set aside for issue, including for payments in respect of awards, under all Security Based Compensation Plans is equal to 12% of all Shares issued and outstanding from time to time on a non-diluted basis. As at April 15, 2019, the total number of issued and outstanding Shares was 99,823,008 therefore the aggregate number of Class A Subordinate Voting Shares issuable under all the Security Based Compensation Plans was 11,978,760 Class A Subordinate Voting Shares.

As at April 15, 2019, the Firm’s allocated entitlements, or, the total number of Class A Subordinate Voting Shares required to settle all outstanding grants under all Security Based Compensation Plans in effect as of such date, would be 9,331,504 determined as follows:

Security Based Compensation Plan ⁽¹⁾	Class A Subordinate Voting Shares
Stock Option Plan	3,739,844 ⁽²⁾
RSU Plan	258,560
PSU Plan	857,925
PSU / UAR Plan Applicable to Business Units	4,130,673 ⁽³⁾
Fiera Private Lending Stock Option Plan ⁽⁴⁾	344,502 ⁽⁵⁾
TOTAL	9,331,504

Notes:

- (1) The Samson Restricted Share Plan (as such term is defined and further described in the section “Statement of Executive Compensation”) is not included, as this Security Based Compensation Plan was terminated by the Board of Directors on March 21, 2019 and as such, equity securities of the Firm may no longer be issued thereunder.
- (2) This figure includes 68,201 Replacement Options (as such term is defined and further described in the section “Statement of Executive Compensation”).
- (3) Estimate provided based on relevant Business Unit value as at December 31, 2018, applicable currency conversion rates as at December 31, 2018, as well as the volume weighted average price of the Class A Subordinate Voting Shares for the five trading days prior to December 31, 2018.
- (4) The Fiera Private Lending Stock Option Plan (as such term is defined and further described in the section “Statement of Executive Compensation”) does have a fixed maximum aggregate number of securities issuable thereunder (of 900,000) and therefore there is no requirement to seek Shareholder approval of unallocated entitlements under such plan every three years.
- (5) Estimate provided based on relevant Business Unit (i.e. Fiera Private Lending) value as at December 31, 2018, as well as the volume weighted average price of the Class A Subordinate Voting Shares for the five trading days prior to December 31, 2018.

Accordingly, as at such date, unallocated entitlements to purchase or receive up to an additional 2,647,256 Class A Subordinate Voting Shares (equivalent of 2.65% of outstanding Shares) remain available for grant or award under the Stock Option Plan, the RSU Plan, the PSU Plan and the PSU / UAR Plan Applicable to Business Units, assuming no further grants are made under the Fiera Private Lending Stock Option Plan.

On April 15, 2019, the Board of Directors, upon recommendation of the Human Resources Committee (the “**HR Committee**”), approved all unallocated entitlements under the Stock Option Plan, the RSU Plan, the PSU Plan and the PSU / UAR Plan Applicable to Business Units as at such date.

The Firm next plans to seek Shareholders’ approval of unallocated entitlements under the Stock Option Plan, the RSU Plan, the PSU Plan and the PSU / UAR Plan Applicable to Business Units at the annual general meeting of the Shareholders to be held in 2022 relation to the financial year ending December 31, 2021.

Attached as Appendix “D” of this Circular is the full text of the proposed Unallocated Entitlements Resolution of the Shareholders to be considered at the Meeting so as to approve the unallocated entitlements under the Stock Option Plan, the RSU Plan, the PSU Plan and the PSU / UAR Plan Applicable to Business Units. To be adopted, the Unallocated Entitlements Resolution must be approved by a majority of the votes cast by the Shareholders present at the meeting or represented by proxy.

The Board of Directors recommends that Shareholders VOTE IN FAVOUR of the Unallocated Entitlements Resolution. If you do not specify how you want your Shares voted, the persons named as proxyholders will cast the votes represented by proxy at the Meeting FOR the passing of the Unallocated Entitlements Resolution.

If the foregoing resolution is not approved by Shareholders at the Meeting, all unallocated entitlements under the Stock Option Plan, the RSU Plan, the PSU Plan and the PSU / UAR Plan Applicable to Business Units will be cancelled and the Firm will not be permitted to grant further awards under such plans. However, all awards thereunder as at May 30, 2019 will continue unaffected.

STATEMENT OF EXECUTIVE COMPENSATION

General

This section of the Circular provides information regarding the compensation of the Named Executive Officers (the “NEOs”) for Fiera Capital’s 2018 financial year ending on December 31, 2018. The six NEOs collectively are: the Chairman of the Board and Chief Executive Officer (the “CEO”), the Global President and Chief Operating Officer (the “Global COO”), the Executive Vice President and Global Chief Financial Officer (the “Global CFO”), the President and Chief Executive Officer of Fiera Private Alternative Investments, who held the position of Global Chief Financial Officer during part of the 2018 financial year, and the two other most highly compensated executive officers of Fiera Capital.

Compensation Discussion and Analysis

The HR Committee is responsible for reviewing and making recommendations to the Board of Directors regarding all matters related to the compensation of Fiera Capital’s executive officers. The current members of the HR Committee are Mr. Geoff Beattie, Mr. Réal Bellemare and Mr. Jean C. Monty (Chair). Following the Meeting, if the proposed directors are elected, the members will be Mr. Geoff Beattie, Mr. Réal Bellemare and Mr. Jean C. Monty (Chair).

The HR Committee’s mandate is as follows:

- to compensate the executives in a fair and competitive manner;
- to ensure proper succession planning for key positions;
- to ensure performance is appropriately rewarded; and
- to align the interests of executive officers with those of Shareholders and clients.

The HR Committee works to obtain the necessary information to support its compensation recommendations to the Board of Directors. The HR Committee engages in active discussions with the CEO concerning the determination of performance objectives, including individual goals for the NEOs. The HR Committee may retain independent consultants to support its activities and recommendations. The HR Committee directs the CEO and the Chief Human Resources Officer (the “CHRO”) to provide initial analysis and commentary, including business goals, corporate performance, individual goals and individual performance. These discussions consider whether, and to what extent, criteria for the previous year have been achieved for those individuals. Fiera Capital’s CHRO acts as the Secretary of the HR Committee.

In late 2018 and early 2019, the Firm set out, directed by the CEO and in collaboration with the HR Committee, to elaborate and recommend a Minimum Ownership Policy for all direct reports of the CEO and the Global COO. The main objectives of such policy are as follows:

- to build an ownership mentality among executives;
- to create alignment between individual executive wealth and the long-term performance of the Firm;
- to minimize excessive risk taking that might lead to short-term returns at the expense of long-term value creation and;
- to ensure alignment with good governance principles supported by many shareholder groups.

Willis Towers Watson has been engaged by the HR Committee in order to provide benchmark information and guidance in the design of the Minimum Ownership Policy. The Minimum Ownership Policy that is intended to be adopted by Fiera Capital in 2019 will be presented in the Firm's next management information circular. It is to be noted that Fiera Capital has the intention to participate in some of the annual compensation surveys provided by Willis Towers Watson in order to have access to a broader set of market data to analyze the competitiveness of the compensation Fiera Capital offers for various positions within the organization.

As part of the annual review of executive compensation, the Board and the HR Committee considered the implications of the risks associated with Fiera Capital's compensation policies and practices, including as to whether or not they could encourage an executive officer or an employee at a principal business unit or division to take inappropriate or excessive risks. The Board and the HR Committee shall revisit such risks on an annual basis. The Board and the HR Committee believe that the current compensation structure constitutes a well-balanced mix of base salary, short-term incentives and long-term incentives. Further, the compensation structure applies maximums to short-term incentive payouts and includes a combination of performance and time vesting for long-term incentive awards. The Board and the HR Committee have not, after consideration, identified any material risk arising from compensation policies and practices that is reasonably likely to have a material adverse effect on Fiera Capital.

Under the Personal Trading Policy applicable to employees and employee-directors of Fiera Capital, and the pre-approval procedure in place prior to such persons being allowed to proceed with a trade in securities, NEOs and employee directors are effectively prohibited from purchasing financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or directly or indirectly held. Such policy and procedure do not apply to non-employee directors of Fiera Capital.

Benchmarking

As a general practice, Fiera Capital's relative position in terms of compensation levels is determined through benchmarking studies performed by independent consulting firms, notably Aon-McLagan and Global Governance Advisors ("GGA"), using a selected reference market of comparable companies composed of Canadian and U.S. asset management firms. Fiera Capital selected this particular reference market as the firms included in this market seek to attract and retain employees who have similar skill sets and who are in the same talent pool, and seek to attract and retain similar clients. All firms included in the reference market face similar business conditions.

On an annual basis, Fiera Capital participates in one or more compensation surveys held by consulting firms. Each year, these firms solicit the participation of enterprises. Participation is on a voluntary basis and depends on an organisation's needs in terms of compensation information as well as the availability of resources to take part in the data gathering process. As a consequence, the participants list in relation to each survey may vary and for a specific survey, it may change from one year to another. During the 2019 calendar year, Fiera Capital plans to participate in compensation surveys to evaluate the competitiveness of its compensation for its European employees.

To ensure the Firm's market analyses are based on rigorous fundamentals, Fiera Capital ensures sure that it relies on market medians and not on specific organisations' information. In these surveys, when possible, Fiera Capital chooses to compare its policies and practices to relevant market segments in terms of organisation size measured using assets under management and global presence.

To illustrate Fiera Capital’s benchmark group, without being limitative, the following list sets forth the main Canadian and U.S. asset management firms referenced in the most recent Aon-McLagan market survey, to which Fiera Capital participated, reviewed and used as Fiera Capital’s reference market:

Canadian Reference Market	U.S. Reference Market

These compensation surveys cover generally the following elements of compensation:

- base salary paid;
- target base salary;
- bonus paid;
- target bonus;
- total cash compensation paid;
- target total cash compensation;

- long-term incentives awarded; and
- total direct compensation.

Fiera Capital continuously reviews its reference markets used to determine the competitiveness of executive compensation levels to reflect changes in the company's business strategy, operations and asset base. This includes evaluation of suitable peers given Fiera Capital's goal of diversifying its asset base to make it more global and less Canada-focused over time. For instance, to ensure Fiera Capital benchmarks its NEOs to the right reference market, consulting firms provide segmented data for asset managers presenting comparable assets under management and global presence.

Independent Advisors' Executive Compensation-Related Fees and Other Fees

From time to time Fiera Capital engages independent consultants to advise whether the compensation positioning of Fiera Capital is still aligned with the reference market. Fiera Capital also reviews compensation levels and information in the financial services industry in Canada, the United States and Europe.

The majority of consulting fees relate to mandates for NEOs' compensation. For the financial year ending December 31, 2018, Fiera Capital paid consulting fees of \$US 48,045 to Aon-McLagan and \$US 74,933 to GGA for compensation benchmarking purposes, with Aon-McLagan being a regular consultant of Fiera Capital for more than five years and GGA being initially retained in July 2017. Fees unrelated to NEO compensation mandates were as follows: the Firm paid £800 to AON-McLagan for a market analysis relative to pension plans in the United Kingdom and \$2,930 plus applicable taxes to Mercer for an expatriate compensation package analysis.

For the financial year ending December 31, 2017, Fiera Capital paid consulting fees of \$US 57,497 to Aon-McLagan and \$US 131,014 to GGA. Fiera Capital also paid £6,200 to Aon-McLagan to purchase a European annual compensation survey aimed at benchmarking compensation for investment positions in its European division.

NEO Compensation Package Components

The NEO compensation package consists of (i) base salary; (ii) short-term incentive plan ("STIP"); (iii) participation in one or more of any long-term incentive plans ("LTIPs"); (iv) a defined contribution pension plan; and (v) benefits. Each of these elements is described below.

Base Salary

The base salaries for NEOs are the fixed component of their annual compensation. It is the HR Committee's objective that base salaries are competitive with industry peers and are targeted at the median for Fiera Capital's reference market. Base salaries are generally reviewed each year against compensation surveys conducted by independent consultants. As a result, salaries may be increased as required based on overall responsibilities, individual contribution and any increase in the NEO's role within Fiera Capital or based on changes in market salary levels.

Short-Term Incentive Plan (STIP)

The STIP is an integral part of Fiera Capital's compensation philosophy and is a variable component of the NEOs' compensation. The STIP is designed to (i) ensure that total cash compensation paid to the NEOs for the year is appropriate in light of Fiera Capital's performance and the NEOs' individual contributions to Fiera Capital; (ii) align the NEOs' interests with those of Shareholders, clients and Fiera Capital; and (iii) attract, retain and motivate the NEOs. Base salary is considered by the HR Committee when setting STIP target bonus and maximum bonus. The intent is that base salary plus STIP awards properly reflect the NEOs' individual contribution and Fiera Capital's overall performance. Furthermore, Fiera Capital's philosophy is to provide pay above the market median for superior performance.

All permanent employees hired at least three months prior to the end of each STIP reference year are eligible for a bonus for that year.

STIP amounts are payable to NEOs on an annual basis and are calculated in accordance with the STIP formula. Bonuses for the CEO and the Global COO are recommended by the HR Committee for approval by the Board

of Directors. Bonuses for the Global CFO, the CHRO and the other direct reports of both the CEO and Global COO are approved by the HR Committee. For all other employees, awards are approved at the CEO and the Global COO levels.

The HR Committee is responsible for the STIP, including recommending to the Board of Directors any action to be taken with respect to its implementation, management, continuation, suspension or termination. The day-to-day management of the STIP, including the interpretation of the rules, goal setting, performance measures and the bonus calculation, is the responsibility of the CEO and the Global COO in collaboration with the CHRO. At the beginning of each reference year, the financial objectives ((i) corporate and divisions' profitability, (ii) relative total shareholder return ("**Relative TSR**"), (iii) corporate and divisions' assets under management and (iv) divisions' new net revenues) that will apply under the plan in respect of the year, as prepared by the CEO and the Global COO in collaboration with the CHRO, are presented to the HR Committee for information purposes.

STIP Design for 2018

For the six NEOs the target bonus and maximum bonus percentages by performance criteria for the financial year ended December 31, 2018 were the following:

	Maximum Bonus	-	-	-	48%	48%	-	24%	120%

Notes:

⁽¹⁾ Mr. Richard Nino was also eligible for a revenue sharing scheme (with a trailing component) related to sales generated while he was in a previous role of Executive Vice-President Institutional Markets.

⁽²⁾ Prior to October 2, 2018, Mr. Nino was Executive Vice President Business Development, U.S. Division and Chairman, European Division.

⁽³⁾ Mr. David Sadkin was also eligible to receive revenue sharing from the advisory pool to which he is a participant.

For each element mentioned above, the Firm determined the amount of the target bonus by using the following formula, which will be used for 2019 as well:

Earned base salary for the reference year	×	% of target bonus linked to specific criteria	=	Target bonus amount
---	---	---	---	---------------------

Then, for each element, the percentage of the payable bonus depended on the level of achievement of objectives. Performance below a certain level (threshold) resulted in no bonus being paid for a given criteria. For each criteria, a maximum percentage of payable bonus is also established.

Shown below are the payout curves associated with 2018 performance criteria. The criteria in place in 2018 will be used for 2019 as well, with the same payout curves. Notwithstanding the foregoing, with regards to Profitability based on Budgeted EBITDA, Fiera Capital is considering moving from the use of a profit sharing of 40% applicable on the EBITDA generated over budget, to a bonus scheme approach. In this latter alternative, the profit bonus payout as a percentage of target profit bonus would be linked to the achievement of the budgeted EBITDA in percentage. By doing this, the profit bonus would follow the same logic no matter if the achievement is below or over budget. The maximum required for maximum payout that would be applicable under such bonus scheme approach will be determined as need be in collaboration with the CEO, Global COO and the Global CFO in the first half of 2019.

Profitability Based on Budgeted EBITDA

Achievement of Profitability vs. EBITDA budget	Payable bonus in % of the target bonus
<90%	0%
90%	75%
100%	100% (target bonus)
<p>Current scheme: Above 100% performance, 40% of earnings exceeding the budgeted EBITDA is shared among the employees eligible for this criteria*. This percentage represents the targeted proportion of earnings that Fiera Capital intends to devote in terms of compensation expense. The amount is paid in excess of the target bonuses and is distributed at the pro rata of each employee's target bonus. This additional distribution cannot exceed 50% of the target bonus.</p> <p>Proposed new scheme for 2019: The new scheme will present a conversion table similar to the one above. For illustrative purposes only, as an example: achievement of 105% would provide a payable bonus of 125% and achievement of 110% would provide a payable bonus of 150% (linear interpolation will apply).</p> <p>Note: Below 100% performance, linear interpolation applies. * Possibility of being replaced with a bonus scheme approach for 2019, as described above</p>	

New Net Revenues Budgeted

New Net Revenues Budgeted refers to annualized revenue associated with new asset inflows, minus annualized revenue associated to asset outflows during a reference year.

Achievement of Net Revenues Budgeted	Payable bonus in % of the target bonus
<75%	0%
75%	50%

Achievement of Net Revenues Budgeted	Payable bonus in % of the target bonus
100%	100% (target bonus)
150%	150%
Note: Linear interpolation applies.	

Investment Performance

The Investment Performance criteria aims at compensating investment returns generated by the Firm's investment strategies. Generally, performance is measured against a predetermined benchmark or relative to the performance of a similar group of comparable funds in the market. The investment performance is measured in line with the following performance periods which are assigned a specific weighting:

Performance Period	Weighting
1 year	10%
2 years	20%
3 years	30%
4 years	40%

To calculate the bonuses relating to investment performance:

- a weighting was attributed to each investment strategy/composite; this weighting being based on the revenues under management or by taking into account strategic considerations;
- then, the performance for each strategy/composite and each performance period is converted in payable bonus in percentage of the target bonus, depending on the appropriate bonus table;
- two bonus tables are used to convert performance in payable bonus:
 - one bonus table that generally applies to equity strategies and tactical asset allocation; and
 - one bonus table that generally applies to fixed income strategies.

For equity and tactical asset allocation, where investment performance is generally evaluated depending on a value added objective, the bonus table is as follows:

Investment Performance compared to value added objective (%)	Payable bonus in % of target bonus
<25%	0%
25%	25%
50%	50%
75%	75%
100%	100% (target bonus)
150%	150%
Note: Linear interpolation applies.	

For fixed income strategies, where the performance is generally evaluated in relation to available comparable strategies, the evaluation table was as follows:

Percentile	Payable bonus in % of the target bonus
51 to 100	0%
50	25%
41.7	100%
25	150%
Note: Linear interpolation applies.	

Strategic Objectives

This qualitative component rewards certain NEOs for individual qualitative achievements in line with strategic objectives assigned to them by their supervisor for 2018. At the beginning of the year, each strategic objective received a specific weighting in line with its relative strategic importance. At the end of 2018, the supervisors rated the NEOs on achievement of each of these strategic objectives, using the scale presented below. Based on the formula established for this criteria, the overall rating provides a bonus payout expressed as a percentage of the target bonus assigned for this performance criteria.

Individual Objective Rating	Description of the rating	Payable bonus in % of the target bonus
1	Did not meet expectations	0%
2	Met a few expectations	25%
3	Partially met expectations	75%
4	Fully met expectations	100% (target bonus)
5	Exceeded expectations	115%
6	Clearly exceeded expectations	140%
7	Exceptional contribution	150%
Note: Linear interpolation applies		

Relative Total Shareholder Return

This criteria applies to certain NEOs only and aims at rewarding them in line with the return Fiera Capital provides to its Shareholders relative to a selected peer group composed of seven Canadian and three U.S. financial companies. All are similar to the Firm in terms of structure, size and share price correlation. These companies are:

Canadian-Listed Companies	U.S.-Listed Companies
<ul style="list-style-type: none"> • AGF Management Limited • CI Financial Corp. • Dundee Corporation • Gluskin Sheff + Associates Inc. • Guardian Capital Group Limited • IGM Financial Inc. • Sprott Inc. 	<ul style="list-style-type: none"> • Alliance Bernstein Holding L.P. • Lazard Limited • BrightSphere Investment Group

The Relative TSR is assessed in relation to two different performance periods: a one-year Relative TSR ranking which is assigned a 25% weighting and a four-year Relative TSR ranking weighted at 75%.

The payout chart related to this measure is based on Fiera Capital's ranking among the peer group and is as follows:

Relative TSR Ranking	Payout bonus in percentage of target bonus
8 th highest or lower	0%
7 th highest	75%
6 th highest	100%
5 th highest	116.7%
4 th highest	133.3%

Relative TSR Ranking	Payout bonus in percentage of target bonus
3 th highest or higher	150%

Assets Under Management

This performance criteria applies to certain NEOs only and has the following payout chart:

AUM achievement	Payout bonus in percentage of target bonus
< 90%	0%
90%	75%
100%	100%
110%	150%
Note: Linear interpolation applies.	

STIP Design for 2019

Objectives for 2019 are set in respect of a combination of the following, depending on the NEO in question: (i) corporate and / or division profitability based on budgeted EBITDA (division profitability only applies to such division's President); (ii) Relative TSR of the corporation compared to a peer group; (iii) corporate or division's assets under management; (iv) corporate or division's new net revenues; and (v) strategic objectives set by the senior management of the corporation. In general, if performance is below a certain level (threshold), this will result in no bonus being paid for a given criteria, subject to the Board of Director's discretion in exceptional circumstances.

For the six NEOs the target bonus and maximum bonus percentages by performance criteria for the financial year ended December 31, 2019 are as follows:

Long-Term Incentive Plans (LTIPs)

The plans that are included in this section are as follows: the Stock Option Plan, the RSU Plan, the PSU Plan, the PSU / UAR Plan Applicable to Business Units, the Samson Restricted Share Plan and the Fiera Private Lending Stock Option Plan, which are security based long-term incentive plans (the “**Security Based Compensation Plans**”), and a Restricted Share Unit “Cash” Plan (the “**RSU “Cash” Plan**”) which is a cash based long-term incentive plan.

The maximum aggregate number of Class A Subordinate Voting Shares reserved and set aside for issue, including for payments in respect of awards, under all Security Based Compensation Plans, including for greater certainty the Samson Restricted Share Plan and the Fiera Private Lending Stock Option Plan, is equal to 12% of all Shares issued and outstanding from time to time on a non-diluted basis. As at December 31, 2018, the aggregate number of Class A Subordinate Voting Shares issuable under the Security Based Compensation Plans was 12% of the total number of all issued and outstanding Shares, which as at that date was approximately 11,747,096 Class A Subordinate Voting Shares (the total number of issued and outstanding Shares as at December 31, 2018 was 97,892,468).

The maximum number of Class A Subordinate Voting Shares issuable to insiders, at any time, pursuant to all security based compensation arrangements of Fiera Capital may not be more than 10% of the total number of Shares then outstanding, on a non-diluted basis. In addition, the maximum number of Shares issued to insiders, within any one-year period, pursuant to all Security Based Compensation Plans may not be more than 10% of the total number of Shares then outstanding, on a non-diluted basis.

In determining whether to award a grant to an employee under its Security Based Compensation Plans, the following factors are taken into consideration (i) the employee's demonstrated ability and leadership in taking initiatives to create value for the firm or business unit; (ii) the employee's ability to properly represent Fiera Capital; (iii) the employee's alignment with Fiera Capital's core values; and (iv) the employee's potential to assume increased responsibilities within Fiera Capital. For the following plans, such determination is made by the HR Committee, in collaboration with the CHRO: the Stock Option Plan, the RSU Plan, the PSU Plan and the PSU / UAR Plan Applicable to Business Units. For the following plan, such determination is made by management of Fiera Capital: the RSU "Cash" Plan. For the Fiera Private Lending Stock Option Plan, such determination is made by a committee of the Fiera Private Lending Inc. board.

The following is a summary of each long-term compensation plan currently offered by Fiera Capital.

Stock Option Plan

Fiera Capital's stock option plan (the "**Stock Option Plan**") was approved prior to the Arrangement by the shareholders of Sceptre on May 7, 2007. Following the implementation of the Arrangement, the Stock Option Plan is the only stock option plan of Fiera Capital under which options for Class A Subordinate Voting Shares (the "**Options**") may be granted. Under the terms of the Stock Option Plan, Options may be granted to employees and officers of Fiera Capital and affiliated entities to purchase Class A Subordinate Voting Shares. The Stock Option Plan's objective is to align compensation with returns to Shareholders and to encourage stock ownership by officers and employees of Fiera Capital and affiliated entities, providing long-term incentives to officers and employees of Fiera Capital and attracting new officers and employees to Fiera Capital. Options are granted by the Board of Directors under the Stock Option Plan from time to time when considered appropriate by the HR Committee based on the recommendation from the CEO, in collaboration with the CHRO.

The exercise price of Options is established by the Board of Directors at the time each Option is granted provided that such price shall not be less than the volume weighted average trading price ("**VWAP**") of the Class A Subordinate Voting Shares on the TSX for the five trading days immediately preceding the day the Option is granted.

The Stock Option Plan is considered an "evergreen plan"; Class A Subordinate Voting Shares issued pursuant to Options that have been exercised, excluding Replacement Options, become available for future awards under the various Security Based Compensation Plans.

As at December 31, 2018, 3,927,191 Options (including 68,201 Replacement Options) were issued and outstanding representing the same number of underlying Class A Subordinate Voting Shares, being approximately 4.00% of all outstanding Shares as at December 31, 2018.

Options granted must be exercised no later than 10 years after the date of grant or such lesser period as the applicable grant or regulations adopted pursuant to the Stock Option Plan may require. The Board of Directors may award Option grants pursuant to the Stock Option Plan with an exercise period no later than 20 years after the date of the grant, provided that for any grant of Options with an exercise period that exceeds 10 years, the majority of the Options granted in such grant must vest on or after the date which is 10 years following the date of grant. If the Board of Directors does not determine the exercise period at the moment of the grant, Options granted must be exercised no later than 10 years after the date of the grant. If the date on which an Option expires occurs during a Blackout Period applicable to the holder of such Option, the date of expiry of such Option will be extended automatically to the date that is as soon as practicable following the end of the Blackout Period. "**Blackout Period**" means any period imposed by the Firm pursuant to its insider trading policies or otherwise, during which its officers, directors, employees and insiders may be restricted from trading in securities of the Firm.

Options granted pursuant to the Stock Option Plan are non-assignable and non-transferable. As at the date of this Circular and in the vast majority of grants that are approved, the Board of Directors adheres to a policy to the effect that Options are granted only to officers and employees who are already, or who accept to become, direct or indirect shareholders of Fiera Capital.

If a Stock Option Plan "Participant" resigns, retires or is terminated with cause (including poor performance or, for an officer of Fiera Capital, if such officer is removed or not re-elected or re-appointed as an officer of Fiera Capital), then any Options held by the Participant will cease to be exercisable within a period of 30 days after the resignation, retirement or termination date, as the case may be, or such longer period as determined by the Board of

Directors provided that such longer period may not result in an Option remaining outstanding for any period which exceeds the earlier of (i) the expiry date of such Option and (ii) 36 months following the resignation, retirement or termination date, as the case may be. Any portion of an Option that has not vested on the resignation, retirement or termination date, as the case may be, will not be exercisable after such date unless the Board of Directors determines that such portion of the Option vests automatically or pursuant to a vesting schedule determined by the Board of Directors.

Notwithstanding the foregoing, in the event of the termination of a Participant's employment or service as an employee by the Firm or a related entity, as applicable, without cause (i.e. for greater certainty, other than for cause or poor performance), such Participant's Options shall vest automatically on the separation date. Further, upon retirement of a Participant, such person shall continue to be a Participant under the plan for the purposes of all unvested Options awarded as payment of a bonus or revenue sharing deferral. Such continued participation in the case of retirement shall be conditional upon the Participant signing a non-competition and non-solicitation agreement in a form determined by the Firm, which agreement shall be in effect for a period of 24 months starting on the Participant's retirement date unless otherwise determined by the Board.

If a Participant dies, the legal representatives of the optionee may exercise the Options held by such optionee within a period of time after the date of the Participant's death determined by the Board of Directors, provided that no Option shall remain outstanding for any period which exceeds the earlier of (i) the expiry date of such Option and (ii) 12 months following the date of death, but only to the extent the Options were by their terms exercisable on the date of death. The Board of Directors may determine at any time, that such a portion of the option vests automatically or pursuant to a vesting schedule determined by the Board of Directors.

Subject to the requisite Shareholder and regulatory approvals, the Board of Directors may from time to time amend or revise the terms of the Stock Option Plan or may discontinue the Stock Option Plan at any time provided however that no such right may, without the consent of the Participant, in any manner adversely affect his rights under any Option theretofore granted under the Stock Option Plan.

The Board of Directors may, subject to receipt of requisite Shareholder and regulatory approval, make the following amendments to the Stock Option Plan:

- any amendment to the number of securities issuable under the Stock Option Plan, including an increase to a fixed maximum number of securities or a change from a fixed maximum number of securities to a fixed maximum percentage;
- any change to the definition of the eligible participants which would have the potential of broadening or increasing insider participation;
- any addition of any form of financial assistance or any amendment to a financial assistance provision which is more favourable to participants;
- the addition of a deferred or restricted share unit or any other provision which results in participants receiving securities while no cash consideration is received by Fiera Capital; and
- any other amendments that may lead to significant or unreasonable dilution in Fiera Capital's outstanding securities or may provide additional benefits to eligible participants, especially insiders of Fiera Capital, at the expense of Fiera Capital and its existing shareholders.

The Board of Directors may, subject to receipt of requisite regulatory approval, where required, in its sole discretion make all other amendments to the Stock Option Plan that are not of the type contemplated above including, without limitation:

- amendments of a "housekeeping" nature;
- a change to the vesting provisions of a security or the Stock Option Plan;

- a change to the termination provisions of a security or the Stock Option Plan which does not entail an extension beyond the original expiry date;
- the addition of a cashless exercise feature, payable in cash or securities, which provides for a full deduction of the number of underlying securities from the Stock Option Plan reserve; and
- terminate the Stock Option Plan.

Notwithstanding the amendment provisions of the Stock Option Plan described above, Fiera Capital shall additionally obtain requisite Shareholder approval in respect of amendments to the Stock Option Plan that are contemplated above, to the extent such approval is required by any applicable laws or regulations.

In the event of a Change of Control (as defined in the Stock Option Plan), all Options outstanding but not yet vested may be exercised. In connection with any proposed sale or conveyance of all or substantially all of the property and assets of Fiera Capital or any proposed merger, consolidation, amalgamation or offer to acquire all of the outstanding Shares (collectively, a “**Proposed Transaction**”), Fiera Capital may give notice to all Participants advising that their respective Options may be exercised only within 30 days after the date of the notice and not thereafter, and that all rights of the participant not exercised will terminate at the expiration of the 30-day period, provided that a Proposed Transaction is completed within 180 days after the date of the notice. The definition of Change of Control in the Stock Option Plan is harmonized with the such definition in the other Security Based Compensation Arrangements.

Pursuant to the Arrangement, 1,767,628 options of Fiera Holdings (the “**Fiera Options**”) were exchanged for 818,412 options to purchase Class A Subordinate Voting Shares, issued outside of the Stock Option Plan (the “**Replacement Options**”). The terms and conditions of the Replacement Options are otherwise identical to those which apply to Options. As at December 31, 2018, 68,201 Replacement Options remained outstanding. Any Replacement Option that is or has been cancelled or otherwise terminated is or will not be available for re-granting under the Stock Option Plan.

Share Unit Plans

The RSU Plan, PSU Plan and PSU / UAR Plan Applicable to Business Units (together the “**Share Based Share Unit Plans**”) and the RSU “Cash” Plan (together with the Share Based Share Unit Plans, the “**Share Unit Plans**”) can be described as share unit plans which allow the participants under such plans (each such participant of each such plan, as applicable being a “**Share Unit Plan Participant**”) the opportunity to be awarded respectively, restricted share units (“**RSUs**”), performance share units (“**PSUs**”), performance share units applicable to business units (referred to herein as “**PSUs BU**” or “**PSUs**”), unit appreciation rights applicable to business units (“**UAR BUs**”), and restricted share units payable only in cash (“**Cash RSUs**” and together with the RSUs, PSUs, PSUs BU and UAR BUs, the “**Share Units**”).

The general terms applicable to each of the Share Unit Plans hereunder are as follows, while any particular terms with respect to each such Share Unit Plan are covered in turn in the sections below.

Share Units awarded to Share Unit Plan Participants shall vest on the date, and upon any conditions, specified by the Board of Directors at the time of the grant. For Share Unit Plan Participants who are not subject to U.S. federal taxation, other than for UAR BUs, vesting shall be in no case later than December 31 of the third calendar year following the year in which the award is granted. Accelerated vesting may be permitted at the discretion of the Board of Directors (or the Global Management Committee in the case of the RSU “Cash” Plan) with respect to unvested Share Units. With respect to the PSU Plan and the PSU / UAR BU Plan, the Board of Directors may waive any performance conditions in order to facilitate accelerated vesting of PSUs or UAR BUs.

For the Share Based Share Unit Plans, if the Payment Date (as defined in each such plan) occurs during a Blackout Period applicable to the Share Unit Plan Participant, the Firm shall issue or deliver such Class A Subordinate Voting Shares, or make a cash payment, to the Share Unit Plan Participant on or as soon as practicable after the end of the Blackout Period.

Each of the Share Based Share Unit Plans is considered an “evergreen plan”; Class A Subordinate Voting Shares issued for payments in respect of awards that have vested under such plans become available for future awards under all the Security Based Compensation Plans (including the Share Based Share Unit Plans).

If a Share Unit Plan Participant’s employment with the Firm terminates for any reason other than upon death, disability or termination without cause (which excludes cause or poor performance), then all unvested Share Units will automatically be forfeited and cancelled. Notwithstanding the foregoing, the termination of a Participant’s employment or service as an employee by the Firm or a related entity, as applicable, without cause (i.e. for greater certainty, other than for cause or poor performance), then any of such Share Unit Plan Participant’s Share Units shall automatically vest on the separation date. If a Share Unit Plan Participant becomes disabled then the Share Unit Plan Participant’s awards will generally continue to vest in accordance with the applicable vesting schedule, however, for Share Unit Plan Participants who are subject to U.S. federal taxation, the Share Unit Plan Participant’s awards will vest on the date such person becomes disabled as determined by the Board of Directors (or the Global Management Committee in the case of the RSU “Cash” Plan), adjusted in the case of the PSU Plan and the PSU / UAR BU Plan for the prorata achievement of such Share Unit Plan Participant’s performance objectives. Upon a Share Unit Plan Participant’s death, all outstanding Share Units held by the Share Unit Plan Participant shall vest immediately and settlement shall occur on the Payment Date, with the exception of the UAR BUs which would settle upon receipt of a settlement notice from such participant’s legal representative.

With respect to the RSU Plan and RSU “Cash” Plan, upon the retirement of Share Unit Plan Participants who are not subject to U.S. federal taxation, such Share Unit Plan Participants continue to be plan participants for the purposes of RSUs and Cash RSUs that are unvested at such time, to the extent that such unvested RSUs and Cash RSUs were awarded as payment of a bonus or revenue sharing deferral. Such continued participation in the case of retirement shall be conditional upon the Share Unit Plan Participant signing a non-competition and non-solicitation agreement in a form determined by the Firm, which agreement shall be in effect for a period of 24 months starting on the Share Unit Plan Participant’s retirement date unless otherwise determined by the Board. The RSUs and Cash RSUs held by Share Unit Plan Participants who are subject to U.S. federal taxation shall be considered vested upon retirement and settlement shall be made no later than the Payment Date.

In the event of a Change of Control (as defined in the Share Unit Plans), all Share Units outstanding shall vest immediately.

With respect to the RSU Plan, PSU Plan and RSU “Cash” Plan, in the event of a divestiture of a business unit resulting in the termination of a Share Unit Plan Participant, and such Share Unit Plan Participant becomes an employee of the person acquiring or operating such business unit, the Board of Directors (or the Global Management Committee in the case of the RSU “Cash” Plan) may determine that the Share Unit Plan Participant shall continue to be a Share Unit Plan Participant for the purposes of the RSU Plan, PSU Plan and RSU “Cash” Plan until the vesting date or that all Share Units granted to such Share Unit Plan Participants under the RSU Plan, PSU Plan and RSU “Cash” Plan which have not vested on or before the date of the divestiture shall immediately vest. In the event of a divestiture of a business unit resulting in the termination of a Share Unit Plan Participant, and such Share Unit Plan Participant is not offered a position as an employee or director with the Firm or any of its Related Entities (as defined in the Share Unit Plans) or with the person to whom the divestiture is made, all RSUs, PSUs, and Cash RSUs granted to the Share Unit Plan Participants under the RSU Plan, PSU Plan and RSU “Cash” Plan which have not vested on or before the date of the divestiture shall vest immediately.

In the case of the PSU / UAR Plan Applicable to Business Units, in the event of a divestiture of a Business Unit (as defined in the PSU / UAR Plan Applicable to Business Units) (including a divestiture by sale, closure or outsourcing), any PSUs BU or UAR BUs relating to such Business Unit credited to the Share Unit Plan Participant’s account which have not become payable on or before the divestiture date for the Share Unit Plan Participant are forfeited and cancelled effective on the divestiture date and, for the avoidance of doubt, such Share Unit Plan Participant shall not be entitled to any further payments under the PSU / UAR Plan Applicable to Business Units. If the Firm completes an acquisition or a disposition which would impact the value of the Business Unit, the value of a UAR BU at the closing date of such event will not be impacted by such transaction. To exclude the impact of a transaction on the UAR BU price, the number of UAR BUs related to the Business Unit may be adjusted in accordance with the terms and conditions set forth in the applicable award notice.

Under no circumstances will Share Units be considered an interest in any Class A Subordinate Voting Shares or other securities of the Firm, nor will any Share Unit Plan Participant be considered to be the owner of any Class A

Subordinate Voting Shares by virtue of an award of Share Units until, in the case of RSUs, PSUs, PSUs BU and UAR BUs, such Share Units have vested and Class A Subordinate Voting Shares are delivered to the Share Unit Plan Participant in accordance with the terms of the applicable Share Unit Plan. Share Units shall not entitle any Share Unit Plan Participant to exercise voting rights, or any other rights, with respect to Class A Subordinate Voting Shares. Share Units are non-transferable. Certificates representing Share Units will not be issued by Fiera Capital.

For the RSU Plan, PSU Plan and RSU “Cash” Plan, should there occur changes in the Class A Subordinate Voting Shares through the declaration of stock dividends or subdivisions, consolidations, or exchanges of Class A Subordinate Voting Shares, capital reorganization, reclassification, amalgamation, merger, spin-off, sale, lease or otherwise, the amount of the award shall be adjusted appropriately by the Board of Directors, (or the Global Management Committee in the case of the RSU “Cash” Plan), subject to regulatory approval, if required.

The Board of Directors may, subject to receipt of requisite Shareholder and regulatory approval, extend the term of a RSU, PSU, PSU BU or UAR BU held by an insider of the Firm under the applicable Share Based Share Unit Plan, make any amendment to remove or to exceed the participation limit with respect to the insiders of the Firm, increase the maximum number of Shares issuable under a Share Based Share Unit Plan, and amend the amendment, suspension or termination provisions of any such plan.

The Board of Directors (or the Global Management Committee in the case of the RSU “Cash” Plan) may, in its sole discretion, without notice or Shareholder approval, at any time or from time to time, suspend or terminate one or more of the Share Unit Plans. Subject to applicable law and regulatory approval, if required, the Board of Directors (or the Global Management Committee in the case of the RSU “Cash” Plan) may, without notice or Shareholder approval, at any time or from time to time, amend the Share Unit Plans for any purpose which in the good faith opinion of the Board of Directors (or the Global Management Committee in the case of the RSU “Cash” Plan), may be expedient or desirable, including: (i) making minor or technical modifications to any of the provisions of the Share Unit Plan, (ii) correcting any ambiguity, defective provision, error or omission in the provisions of the Share Unit Plan, (iii) amending any term upon which Share Units may be granted, including but not limited to, the vesting conditions, (iv) any change that is necessary or desirable to comply with applicable laws, rules or regulations or any stock exchange on which the Class A Subordinate Voting Shares are listed, and (v) any amendment to the terms relating to the administration of the Share Unit Plans. Amendments to the Share Unit Plans shall not materially adversely alter or impair any rights of a Share Unit Plan Participant or materially increase any obligations of a Share Unit Plan Participant with respect to Share Unit previously awarded under a Share Unit Plan without the consent of such Share Unit Plan Participant.

The Board of Directors may, in its sole discretion, without notice or shareholder approval, at any time or from time to time, suspend or terminate the PSU / UAR Plan Applicable to Business Units. If the Board of Directors terminates or suspends the PSU / UAR Plan Applicable to Business Units, no new PSUs BU will be credited to the account of an Share Unit Plan Participant. Previously credited PSUs BU or UARs whether or not vested, may at the Board of Director’s election, be accelerated (if unvested) or remain outstanding. The Board of Directors shall not require the consent of any affected Share Unit Plan Participant in connection with the termination of the PSU / UAR Plan Applicable to Business Units in which the vesting of all PSUs BU or UAR BUs held by the Share Unit Plan Participant are accelerated.

RSU Plan

On May 23, 2013, the Shareholders approved the adoption of the RSU Plan. The purpose of the RSU Plan is to retain key employees and to permit them to participate in the growth and development of the Firm and to better align the interests of Share Unit Plan Participants with the long-term interests of the Shareholders. The RSU Plan serves as a discretionary incentive compensation plan to provide officers and full-time key employees of the Firm or a related entity (the “**RSU Eligible Employee**”), with the opportunity to be awarded RSUs.

In accordance with the terms of the RSU Plan, the Board of Directors may, from time to time, award RSUs to a person if such person is an RSU Eligible Employee. The number of RSUs (or the equivalent cash amount) to be credited to each Share Unit Plan Participant’s account as of the award date shall be computed by dividing (a) the value of the award, by (b) the market value, which is, on any relevant date, the VWAP of the Class A Subordinate Voting Shares on the stock exchange for the five trading days immediately preceding that date, where the VWAP is calculated by dividing the total value of the Class A Subordinate Voting Shares by the total volume of the Class A Subordinate

Voting Shares traded on the TSX for the five trading days immediately preceding the relevant date (the “**Market Value**”), on the date of the award, with fractions computed to three decimal places.

Upon the vesting date, the Firm shall, at its sole discretion, either issue a number of Class A Subordinate Voting Shares equal to the number of vested RSUs or pay an amount in cash equal to the Market Value of the Class A Subordinate Voting Shares underlying the number of vested RSUs in the participant’s account that became payable on the Payment Date (as defined in the RSU Plan), unless otherwise determined by the Board of Directors at the time of the grant. A Share Unit Plan Participant’s account will be credited with dividend equivalents in the form of additional RSUs as of each dividend payment date, if any, in respect of which dividends are paid on Class A Subordinate Voting Shares. Such dividend equivalents shall be computed by dividing (a) the amount obtained by multiplying the amount of dividend declared and paid per Class A Subordinate Voting Share by the number of RSUs recorded in the Share Unit Plan Participant’s account on the record date for the payment of such dividend, by (b) the stock market value (being the closing price of the Class A Subordinate Voting Shares on the TSX for the first business day immediately following the dividend record date for the payment of any dividend on such shares (the “**Stock Market Value**”). At the discretion of the Board of Directors, the Firm may, in lieu of issuing Class A Subordinate Voting Shares to a Share Unit Plan Participant, satisfy its obligations by purchasing such Class A Subordinate Voting Shares, for and on behalf of the Share Unit Plan Participant, through the facilities of the TSX or such other exchange on which the Class A Subordinate Voting Shares are listed.

As at December 31, 2018, 258,560 Class A Subordinate Voting Shares would have had to have been issued pursuant to the RSU Plan to satisfy the compensation commitment of the Firm, representing an estimated 0.26% of all outstanding Shares as at December 31, 2018.

PSU Plan

On May 23, 2013, the Shareholders approved the adoption of the PSU Plan. The objective of the PSU Plan is to retain key employees and to permit them to participate in the growth and development of the Firm and to better align the interests of Share Unit Plan Participants with the long-term interests of the Shareholders. The PSU Plan provides officers and full-time key employees of the Firm or a related entity, such employees being referred herein to as “**PSU Eligible Employees**”, with the opportunity to be awarded PSUs.

Under the PSU Plan, the Board of Directors may, from time to time, award PSUs to any person who is a PSU Eligible Employee. The number of PSUs (or the equivalent cash amount) to be credited to each Share Unit Plan’s account as of the award date shall be computed by dividing (a) the value of the award, by (b) the Market Value on the date of the award, with fractions computed to three decimal places.

The Firm shall, at its sole discretion, either issue a number of Class A Subordinate Voting Shares equal to the number of vested PSUs or pay an amount in cash equal to the Market Value of the Class A Subordinate Voting Shares underlying the number of vested PSUs in the Share Unit Plan Participant’s account. Share Unit Plan Participants will receive a portion of vested PSUs in cash equal to the highest marginal income tax rate payable by any Share Unit Plan Participant on such PSUs. A Share Unit Plan Participant’s account will be credited with dividend equivalents in the form of additional PSUs as of each dividend payment date, if any, in respect of which dividends are paid on Class A Subordinate Voting Shares. Such dividend equivalents shall be computed by dividing (a) the amount obtained by multiplying the amount of dividend declared and paid per Class A Subordinate Voting Share by the number of PSUs recorded in the Share Unit Plan Participant’s account on the record date for the payment of such dividend, by (b) the Stock Market Value. Where the Firm decides to settle an award with Class A Subordinate Voting Shares, the Firm may issue Class A Subordinate Voting Shares or purchase such Class A Subordinate Voting Shares, for and on behalf of the Share Unit Plan Participant, through the facilities of the TSX or such other exchange on which the Class A Subordinate Voting Shares are listed.

At the time of the grant, the Board of Directors shall stipulate performance conditions with respect to the PSUs granted to Share Unit Plan Participants. These performance conditions are expressed as performance criteria objectives and may be set at different aggregate levels: from individual to corporate level. The Board of Directors may specify different satisfaction thresholds leading to vesting of specified percentages of the PSUs, which may be below, equal to or higher than 100% depending on whether the Share Unit Plan Participants partly satisfied, fully satisfied or exceeded the performance conditions. Accelerated vesting may be permitted at the discretion of the Board of Directors with respect to unvested PSUs.

As at December 31, 2018, 877,209 Class A Subordinate Voting Shares would have had to have been issued pursuant to the PSU Plan to satisfy the compensation commitment of the Firm, representing an estimated 0.90% of all outstanding Shares as at December 31, 2018.

PSU / UAR Plan Applicable to Business Units

The PSU / UAR Plan Applicable to Business Units was originally approved on September 3, 2013 by the Board of Directors in the context of an acquisition and at such time did not require Shareholder approval. The objectives of the PSU / UAR Plan Applicable to Business Units are to induce persons to become officers or full-time key employees of the Firm or one of its related entities and to permit officers and full-time key employees of the Firm or a related entity to participate in the growth and development of the Firm and the Business Unit in which they directly contribute, such employees being referred herein to as “**PSUs BU Eligible Participants**”.

The PSU / UAR Plan Applicable to Business Units allows the Board of Directors to grant PSUs BU and UAR BUs at a value determined by reference to the value of a specific Business Unit rather than by reference to the price of the Class A Subordinate Voting Shares on the TSX. Subject to the provisions of the PSU / UAR Plan Applicable to Business Units and such other terms and conditions as the Board or the Committee may prescribe, the Board of Directors may, from time to time, award PSUs BU or UAR BUs to any PSUs BU Eligible Participant.

The number of PSUs BU (or the equivalent cash amount) to be credited to each Share Unit Plan Participant’s account as of the date of the award shall be computed by dividing (A) the value of the award by (B) the value of a PSU BU, as determined by the Board of Directors for the particular date of award, with fractions computed to three decimal places.

The number of UARs to be credited to each Share Unit Plan Participant’s account as of the date of the award shall be computed, unless as otherwise determined by the Board of Directors, by dividing (i) the multiplication of the value of the business unit and sharing percentage by (ii) the strike price, with fractions computed to three decimal places.

At the time of grant of any PSUs BU and UARs, the Board of Directors will designate in the award notice, among other information, (i) the award value, (ii) the number of PSUs BU or UARs which are being granted, (iii) the value of each PSU BU or UAR BU granted, (iv) the formula used to determine the value of the applicable Business Unit, (v) the vesting terms and conditions of the PSUs BU or UAR BUs, (vi) the applicable vesting date(s), (v) the modalities by which the payment obligation of the Firm in respect of the PSUs BU or UAR BUs, once vested, shall be made and (vi) for UAR BUs, the strike price thereof and the sharing percentage.

Once vested the Firm shall satisfy its payment obligation for PSUs BU and UAR BUs at its option, (i) in cash, (ii) by issuance and delivery of Class A Subordinate Voting Shares from treasury at a price per share equal to the VWAP of the shares on the TSX for the five consecutive trading days preceding the vesting date, or (iii) by purchasing Class A Subordinate Voting Shares on the TSX and delivering such shares to the holder of the vested PSUs BU.

As at December 31, 2018, if all outstanding compensation commitments to Share Unit Plan Participants under the PSU / UAR Plan Applicable to Business Units had been settled in Shares, an estimated 4,130,673 Class A Subordinate Voting Shares would have been required, representing approximately 4.22% of all outstanding Shares as at December 31, 2018.

Restricted Share Unit “Cash” Plan

In 2016, Fiera Capital implemented an RSU Plan that is settled only in cash (the “**RSU “Cash” Plan**”). The purpose of the RSU “Cash” Plan is to retain key employees and to allow them to participate in the growth and development of the Firm and to better align the interests of Share Unit Plan Participants with the long-term interests of the Shareholders. The RSU “Cash” Plan serves as a discretionary incentive compensation plan to provide officers and full-time key employees of the Firm or a related entity, such employees being referred to herein as “**RSU “Cash” Eligible Employees**”, with the opportunity to be awarded Cash RSUs. Since its implementation, it has mostly served as a deferred compensation tool that helps retain designated talented employees.

In accordance with the terms of the RSU “Cash” Plan, the global management committee of Fiera (the “**Global Management Committee**”) may, from time to time, award Cash RSUs to any RSU “Cash” Eligible Employee. The number of Cash RSUs to be credited to each Share Unit Plan Participant’s account as of the award date shall be computed by dividing (a) the value of the award, by (b) the Market Value on the date of the award, with fractions computed to three decimal places. A Share Unit Plan Participant’s account will be credited with dividend equivalents in the form of additional Cash RSUs as of each dividend payment date, if any, in respect of which dividends are paid on Class A Subordinate Voting Shares.

Upon the vesting date, the Firm shall pay the vested Cash RSUs in cash. No Shares of the Firm shall be issued under the RSU “Cash” Plan.

Fiera Private Lending Inc. Stock Option Plan

On November 10, 2016, the Firm acquired all of the issued and outstanding shares of Centria Commerce Inc., a Québec-based private investment manager now known as Fiera Private Lending Inc. (“**Fiera Private Lending**”), that establishes and manages funds providing real estate financing and short-term business financing (the “**Fiera Private Lending Transaction**”). In connection with the Fiera Private Lending Transaction, the Firm assumed an existing stock option plan (the “**Fiera Private Lending Stock Option Plan**”) of Fiera Private Lending, subject to certain amendments, in order to induce senior management of Fiera Private Lending (the “**Fiera Private Lending Participants**”) to join the Firm. None of the Fiera Private Lending Participants had been previously employed by the Firm, nor had any of those Fiera Private Lending Participants been insiders of the Firm. The Firm obtained the exemption set forth in Section 613(f) of the TSX Company Manual for the assumption of the Fiera Private Lending Stock Option Plan and accordingly Shareholder approval was not required for the assumption thereof.

Options granted under the Fiera Private Lending Stock Option Plan (the “**FPL Options**”) must be exercised no later than 10 years after the date of grant, unless otherwise determined by the board of directors of Fiera Private Lending. FPL Options vest in accordance with a time-based vesting schedule over a five-year period.

Pursuant to the Fiera Private Lending Stock Option Plan, the common shares of Fiera Private Lending, which are the shares underlying the FPL Options, are valued in accordance with a specific formula. Upon exercise of the FPL Options, the in-the-money value of vested outstanding FPL Options under the Fiera Private Lending Stock Option Plan shall be satisfied either in cash or by the issuance of Class A Subordinate Voting Shares. In the event that the optionee elects to receive a cash payment, the Firm can nevertheless elect to pay the cash amount by the issuance of Class A Subordinate Voting Shares. The issue price of any Class A Subordinate Voting Shares issuable pursuant to the Fiera Private Lending Stock Option Plan will be equal to the volume-weighted average trading price of the Class A Subordinate Voting Shares on the TSX for a period of five consecutive trading days preceding the date on which such Class A Subordinate Voting Share must be issued pursuant to the terms and conditions of the Fiera Private Lending Stock Option Plan.

The maximum number of Class A Subordinate Voting Shares issuable pursuant to the Fiera Private Lending Stock Option Plan shall not exceed 900,000, representing 0.92% of the issued and outstanding Shares as at December 31, 2018. As at December 31, 2018, 344 502 Class A Subordinate Voting Shares would need to be issued pursuant to the Fiera Private Lending Stock Option Plan (assuming 100% of the outstanding awards are fully settled in Class A Subordinate Voting Shares) to satisfy the compensation commitment of Fiera Private Lending representing an estimated 0.35% of all outstanding Shares as at December 31, 2018.

FPL Options granted pursuant to the Fiera Private Lending Stock Option Plan are non-assignable and non-transferable.

If an optionee dies or becomes disabled, the legal representatives of the optionee may, within six months after the date of the optionee’s death or date of disability, exercise the FPL Options held by such optionee and that will vest within six months following the date of death or disability, provided that no FPL Options shall remain outstanding for any period which exceeds the earlier of (i) the expiry date of such option and (ii) six months following the date of death or disability.

If an optionee resigns or is terminated with cause, then any FPL Options held by such optionee will cease to be exercisable on the date of resignation or termination, as the case may be, or such longer period as determined by the board of directors of Fiera Private Lending. If an optionee is terminated without cause, such optionee may, within

30 days following the date of termination, exercise the FPL Options held by such optionee that are vested on the date of termination, provided that no option shall remain outstanding for any period which exceeds the earlier of (i) the expiry date of such option and (ii) 30 days following the date of termination.

If an optionee retires, such optionee may, within six months after the date of retirement, exercise the FPL Options held by such optionee and that will vest within two years following the date of retirement, provided that no FPL Option shall remain outstanding for any period which exceeds the earlier of (i) the expiry date of such FPL Option and (ii) six months following the date of retirement.

All FPL Options granted under the Fiera Private Lending Stock Option Plan will vest on the date of a change of control of Fiera Private Lending Inc. and may be exercised within 30 days after the date of the change of control.

If the date on which Class A Subordinate Voting Shares must be issued under the Fiera Private Lending Stock Option Plan occurs during, or within two business days after, a Blackout Period applicable to the optionee, the Firm shall issue such Class A Subordinate Voting Shares to the optionee on or as soon as practicable after the fifth business day after the end of the Blackout Period.

The board of directors of Fiera Private Lending may from time to time amend or revise the terms of the Fiera Private Lending Stock Option Plan or may discontinue the Fiera Private Lending Stock Option Plan at any time provided however that no such right may, without the consent of the optionee, in any manner significantly adversely affect the optionee's rights under any option theretofore granted under the Fiera Private Lending Stock Option Plan.

Samson Restricted Share Plan

In connection with the Firm's acquisition on October 30, 2015 of all of the issued and outstanding securities of Samson Capital Advisors LLC ("**Samson**"), a New York based U.S. fixed income investment management firm (the "**Samson Transaction**"), the Firm adopted a restricted share plan (the "**Samson Restricted Share Plan**") in order to induce some employees of Samson (the "**Samson Employees**") to join the Firm. None of the Samson Employees had been previously employed by the Firm, nor had any of those Samson Employees been insiders of Fiera Capital. The Firm obtained the exemption set forth in Section 613(f) of the TSX Company Manual for the adoption of the Samson Restricted Share Plan and accordingly Shareholder approval was not required for the adoption thereof. As at December 31, 2018, there were no longer any Samson Restricted Shares outstanding. Therefore, on March 21, 2019 the Board of Directors, upon recommendation from the HR Committee, approved the termination of the Samson Restricted Share Plan effective as at such date.

The Samson Restricted Share Plan only allowed for grants of restricted Class A Subordinate Voting Shares (the "**Samson Restricted Shares**") to the Samson Employees (the "**Samson Participants**") and on the closing date of the Samson Transaction, 224,699 Samson Restricted Shares were awarded. This was the only award of Samson Restricted Shares under the Samson Restricted Share Plan. One third of the Samson Restricted Shares vested on each of the first, second and third anniversaries of the closing date. The Corporation, upon the applicable vesting date, issued to the Samson Participant a number of Class A Subordinate Voting Shares equal to the number of vested Samson Restricted Shares credited in the Participant's account. Samson Participants' accounts were credited with dividend equivalents in the form of additional Samson Restricted Shares as of each dividend payment date in respect of which dividends were paid on Class A Subordinate Voting Shares. Such additional Samson Restricted Shares were purchased by the Corporation, for the benefit of the Samson Participants.

Annual Burn Rates

In accordance with the requirements of Section 613(p) of the TSX Company Manual, the following table sets out the annual burn rate of the awards granted under the Security Based Compensation Plans as of the end of the financial year ended December 31, 2018 and for the two preceding financial years, as applicable for years in which grants have been made under such plans. The burn rate is calculated by dividing the number of securities granted under each Security Based Compensation Plan during the relevant fiscal year by the weighted average number of Class A Subordinate Voting Shares and Class B Subordinate Voting Shares outstanding for the applicable fiscal year.

Defined Contribution Pension Plan

The Canadian NEOs participate in a defined contribution pension plan sponsored by Fiera Capital. Please see “Pension Plans”. The NEOs from Fiera Capital’s US divisions participate in a defined contribution plan taking the form of a 401(K).

Benefits

The Canadian NEOs participate in the same benefits plan as other Canadian resident employees, which provides health and dental benefits, life insurance as well as short- and long-term disability insurance. Similarly, the NEOs from Fiera Capital’s U.S. divisions participate in the same benefits plan as other U.S. resident employees in their respective divisions, which provides healthcare, dental, vision, life insurance and U.S. short- and long-term disability insurance.

Performance Graph

The following graph compares the cumulative Shareholder return per \$100 invested in Class A Subordinate Voting Shares compared to (i) the cumulative total return of the S&P/TSX Composite Index from December 31, 2013 to December 31, 2018 and (ii) a Selected Peer Group of firms, each of which is listed on the TSX or the New York Stock Exchange, over the same period. The calculations include reinvested dividends but exclude brokerage fees and taxes.

Source: Bloomberg.

* The return of the Selected Peer Group is provided for information purposes only. The “Select Peer Group” consists of the firms listed in the Relative Total Shareholder Return criteria under STIP Design for 2018, which starts on p. 20, namely: AGF Management Limited; CI Financial Corp.; Dundee Corporation; Gluskin Sheff + Associates Inc.; Guardian Capital Group Limited; IGM Financial Inc.; Sprott Inc.; Alliance Bernstein Holding L.P.; and Lazard Limited, with the exception of BrightSphere Investment Group, as its initial public offering only occurred in 2014.

The graph presented above shows that a \$100 investment in Class A Subordinate Voting Shares on December 31, 2013 would have generated a total return of \$101.26 as at December 31, 2018, representing an increase of 1.26%. Over the same five-year period, the NEOs’ total compensation rose from \$6,003,954 to \$25,708,470, which is an increase of 328%. Fiera Capital has grown from a Canadian asset management firm and evolved to become a global asset management organization. Since 2014, the Firm has performed some 10 strategic acquisitions, established offices in New York, London and Hong Kong and significantly developed its private alternative strategies platform. As a result, the Firm has put in place the appropriate management structure and redefined roles and responsibilities to support that growth. As NEOs’ responsibilities have broadened, so too has the total compensation of these NEOs. Furthermore, these organisational changes also required that Fiera Capital fill NEO roles by hiring, onboarding and promoting high-caliber and talented individuals with global management experience, which in turn also required an increase in the compensation offered to these NEOs.

The Board of Directors believes that the most important contribution the NEOs can make to enhance total shareholder return (“TSR”) is to grow profitably which is why the compensation of the NEOs is substantially linked to such growth, as outlined under the Compensation Discussion and Analysis section of this Circular. However, the year-over-year TSR is influenced by factors other than growth in profitability and consequently there may be considerable variability of NEO compensation as compared to the TSR over any short measurement period. Over the five-year period, for example, the Firm has performed acquisitions aiming at adding complementary investment strategies, diversifying the revenue stream of the business and its geographic footprint and increasing its resilience to market fluctuations. In the coming years, Fiera Capital intends to continue to work on increasing its profitability by putting in place efficient operational processes and increasing the scalability of its strategies.

Notes:

- (1) Option grant values were estimated using the Black-Scholes model. This method is used since it is the most common method used among the Firm's reference market.
- (2) Mr. Jean-Guy Desjardins and Mr. Vincent Duhamel received respectively 48,698.389 and 233,752.269 PSUs on January 2, 2018. - (3) Includes an amount of \$50,000 paid for a life insurance protection.
- (4) Mr. Jean-Guy Desjardins and Mr. Vincent Duhamel received respectively 400,000 and 500,000 options on November 17, 2017. Option grant values were estimated using a Black-Scholes value of 1.69401. Assumptions used to calculate the Black-Scholes as at November 17, 2017 are as follows: dividend yield (%) of 5.39%; risk-free interest rate of 1.72%; expected life of 6.2 years; and expected volatility of the share price 26.21%. - (6) Mr. Vincent Duhamel was hired on November 14, 2017. To simplify the tax treatment of his compensation, Fiera Capital started making payments to him as of January 1, 2018. For that reason, no other compensation elements appear for him during 2017 with the exception of an Option grant which was approved at the end of 2017.
- (7) Mr. Lucas Pontillo was hired on October 22, 2018. Mr. Pontillo was not eligible to participate in the Fiera Capital short-term incentive plan for the 2018 year.

The value of this grant corresponds to the accounting provision calculated assuming the expected value growth of the Private Alternative Investments Division over the vesting period. The value is expressed as a multiplier of actual revenue. The accounting provision also takes into consideration

the value sharing rate awarded to Mr. Valentini as well as the expected behaviour of the participant with regards to the timing of exercise of vested UAR over the vesting period.

- (9) Mr. Richard Nino was appointed to his current position as of October 2, 2018. Prior to such date, Mr. Nino was Executive Vice President Business Development, U.S. Division and Chairman, European Division.

Pension Plans

Fiera Capital's NEOs who reside in Canada participate in a defined contribution pension plan sponsored by Fiera Capital under which Fiera Capital pays an amount equal to 2% of base salary. The NEOs can contribute up to 6% of their base salary and Fiera Capital will match between 25% and 150% of their contribution, depending on the NEO's seniority. Contribution amounts are subject to limits prescribed under the *Income Tax Act* (Canada). Messrs. Jean-Guy Desjardins, Vincent Duhamel, Lucas Pontillo and John Valentini are Canadian residents and all Canadian resident Fiera Capital employees are covered by the same pension plan. Mr. Desjardins no longer participates in the plan due to legal conditions related to the age of participants.

Canadian participants under the plan are entitled to a pension benefit as of the early retirement age of 55. The normal retirement age under the plan is 65. Although the plan does not prescribe a compulsory retirement age, participants' monthly pension must commence no later than December 31 of the year they turn 71.

Upon retirement, participants are entitled to buy a life annuity, the amount of which will depend on the accumulated value of the contributions made in their account, the type of annuity selected and the cost of purchasing an annuity at that time. Upon termination of employment or death, participants (or their beneficiary) are entitled to a benefit equal to the accumulated value of the contributions made in their account or may transfer the accumulated value of the contributions made in their account to another registered plan.

Like other U.S. employees, U.S. NEOs have the possibility to participate in a defined contribution plan which takes the form of a 401(K). Participants can contribute to the plan and Fiera will match their contribution at 100% up to 4% of total cash compensation with a maximum employer contribution in 2018 set at \$US 11,000 based on the parameters of the plan. Neither the plan nor legislation provide limitation in terms of maximum age for plan participation.

Termination and Change of Control Benefits

Agreements related to termination and change of control benefits have been established for three NEOs based on their respective role at Fiera Capital. These agreements have been established further to a benchmarking process for similar positions. Each of the following NEOs have entered into agreements with Fiera Capital (the “**Agreements**”) which provide for payments in the case of termination of employment: Jean-Guy Desjardins as Chairman of the Board and Chief Executive Officer, Vincent Duhamel as Global President and Chief Operating Officer and John Valentini in his former position as Executive Vice President, Global Chief Financial Officer and President, Fiera Private Alternative Investments.

The Agreement for Mr. Desjardins provides that if his employment is terminated without a serious reason as defined under law, or if in the twelve months following a Change of Control (as defined below), he terminates his employment for Good Reason (as defined below), Fiera Capital shall pay to him: (i) an amount equivalent to 24 months of his then-current base salary and his then-current target bonus, paid through salary continuance for a period of 24 months during which time he shall remain eligible to insurance benefits at the expense of Fiera Capital, with the exception of travel insurance and short- and long-term disability insurance; (ii) any accrued but unpaid base salary for services rendered up to last day of employment; (iii) any expenses incurred up to last day of employment, and (iv) any accrued and unused vacation pay up to last day of employment. In addition, if an annual performance bonus is granted to other senior executives of Fiera Capital for the fiscal year in which his employment ends, Fiera Capital shall pay him a prorated bonus for the portion of such fiscal year in which he worked, calculated based on the terms of the applicable Short-Term Incentive Plan and paid at the same time as such a bonus is paid thereunder to Fiera Capital’s other senior executives. Furthermore, should he hold any unvested Options, RSUs, PSUs, PSUs BU and UARs BU, they will immediately vest according to the terms and conditions of the applicable Security Based Compensation Plans.

The Agreement for each of Mr. Duhamel and Mr. Valentini contains the same provisions, however, the applicable time period is 18 months instead of 24 months.

For the purposes of the Agreements, “**Change of Control**” means the happening of any of the events set out in subsections (i) through (v) below: (i) any transaction pursuant to which any person(s) (other than Fiera Capital or a wholly-owned subsidiary of Fiera Capital) acquires the direct or indirect “beneficial ownership” (as defined in the *Canada Business Corporations Act*) of, or acquires the right to exercise control or direction over, securities of Fiera Capital representing 50% or more of the then issued and outstanding voting securities of Fiera Capital; (ii) the sale, assignment or other transfer of all or substantially all of the assets of Fiera Capital to person(s) other than a wholly-owned subsidiaries of Fiera Capital; (iii) the dissolution or liquidation of Fiera Capital except in connection with the distribution of assets of Fiera Capital to its wholly-owned subsidiaries; (iv) the occurrence of a transaction requiring approval of the Shareholders whereby Fiera Capital is acquired through consolidation, merger, exchange of securities, purchase of assets, amalgamation, statutory arrangement or otherwise by any person(s) (other than a short form amalgamation or an exchange of securities with a wholly-owned subsidiary of Fiera Capital); or (v) the Board passes a resolution to the effect that an event comparable to an event set forth in subsection (i), (ii), (iii) or (iv) has occurred; provided that an event described in subsection (i), (ii), (iii) or (iv) above shall not constitute a Change of Control where such event occurs as a result of an internal reorganization or restructuring of Fiera Capital and a majority of the Board approves a resolution providing expressly that such event shall not constitute a Change of Control.

For the purposes of the Agreements, “**Good Reason**” means any of the following actions taken without the employee’s express: (i) a material reduction of base remuneration, benefits or perquisites, except as part of a general reduction applicable to all or substantially all other senior executives; (ii) a material adverse change to duties, responsibilities, title(s), reporting relationship or position(s) held immediately prior to the change, or the assignment of duties and responsibilities materially inconsistent with the title(s) or position(s) held immediately prior to the change; (iii) a requirement that the employee’s main office be relocated outside of Montréal.

The following table shows the incremental payments that would be paid respectively to Jean-Guy Desjardins, Vincent Duhamel and John Valentini pursuant to their Agreements, should their employment be terminated without a serious reason as defined under law, or if in the twelve months following a Change of Control (as defined above), they terminate their employment for Good Reason, assuming such termination took place on December 31, 2018:

DIRECTOR COMPENSATION

This section of the Circular provides information regarding the compensation of each director of Fiera Capital, for Fiera Capital’s 2018 financial year ending on December 31, 2018.

Fiera Capital’s director compensation is determined by the Nominating and Governance Committee in accordance with the Firm’s director compensation policy. The main purposes of Fiera Capital’s director compensation policy are to enable Fiera Capital to (i) retain or recruit qualified and competent directors; (ii) promote their work and their performance with Fiera Capital; (iii) compensate them for their work and their performance with Fiera Capital; and (iv) compensate them for the key contribution to optimizing the investment of Shareholders in the Firm. Under Fiera Capital’s director compensation policy, the directors eligible to be compensated by the Firm are only those that are elected by the holders of Class A Subordinate Voting Shares. Moreover, directors who are also full time executive officers of the Firm shall not receive any compensation for acting as directors. During the financial year ended December 31, 2018, Réal Bellemare, Sylvain Brosseau, Jean-Guy Desjardins, Nitin N. Kumbhani, Raymond Laurin, Jean C. Monty, Todd M. Morgan and Lise Pistono, directors elected by the holders of Class B Special Voting Shares, were therefore ineligible to receive compensation from the Firm for acting as directors pursuant to Fiera Capital’s director compensation policy. Furthermore, Martin Gagnon renounced receiving remuneration for his position as director of Fiera Capital, given his position as an executive officer of National Bank, a shareholder and client of Fiera Capital.

The director compensation policy of Fiera Capital currently provides that every eligible director is entitled to a fixed annual compensation of \$50,000. In addition to this retainer, the eligible directors are entitled to the following fees:

- \$1,500 for each meeting of the Board of Directors or committee attended in person;
 - regularly scheduled meetings attended by phone: \$1,000;
 - ad hoc meetings attended by phone: \$1,250;
- \$10,000 per year for the Chair of any committee, excluding the Audit and Risk Management Committee;
- \$15,000 per year for the Chair of the Audit Committee and Risk Management; and
- \$20,000 per year for the Lead Director.

In addition to the foregoing, if, in the opinion of the Chairman of the Board of Directors, the Board of Directors or a committee has experienced or will experience an unusually high level of activity, designated eligible director shall be entitled to additional compensation.

Prior to the date of completion of the Arrangement, up to 100% of the retainer could be paid in the form of DSUs pursuant to the deferred share unit plan adopted by the Board of Directors during 2007 with the main purpose of strengthening the alignment of interest between the directors and the Shareholders of the Firm, by linking a portion of annual director compensation to the future value of the shares of the Firm (the “2007 DSU Plan”). Following the completion of the Arrangement, the Board of Directors of Fiera Capital adopted a new compensation policy for the directors of Fiera Capital and since that time DSUs are no longer granted to directors under the 2007 DSU Plan. Outstanding DSUs held by directors of Fiera Capital at the time of the Arrangement remained outstanding and therefore currently one director still holds DSUs governed by the 2007 DSU Plan.

Under the 2007 DSU Plan: (i) each director received on the date in each quarter which is three business days following the publication by the Firm of its earnings results for the previous quarter, that number of DSUs having a value of up to 100% of such directors base retained for the current quarter, provided that a minimum of 50% of the base retainer must be in the form of DSUs (with an exception for non-Canadian resident directors); (ii) the number of DSUs granted to a director is determined by dividing the dollar value of the portion of the directors’ fees to be paid in DSUs by the closing price of the shares on the TSX for the business day immediately preceding the date of the grant; and (iii) at such time as the director ceases to be a director, the Firm makes a cash payment to the director, equal to the Market Value of a share on the date of departure, multiplied by the number of DSUs held on that date.

MAJORITY VOTING POLICY

Fiera Capital Corporation Majority Voting Policy

The Board of Directors of Fiera Capital Corporation (the “**Corporation**”) believes that each of its members should carry the confidence and support of its shareholders. To this end, the directors have unanimously adopted this amended and restated majority voting policy. Future nominees for election to the Board will be asked to subscribe to this policy before their names are put forward.

Forms of proxy for the vote at a shareholders’ meeting where directors are to be elected will enable the shareholder to vote “for” or to “withhold” from voting, separately for each nominee. At the meeting, the Chairman of the Board will, upon the request of a shareholder, call for a vote by ballot and the scrutineers will record with respect to each nominee the number of shares in his or her favour and the number of shares withheld from voting. Prior to receiving the scrutineers’ report on the ballot, the Chairman of the Board may announce the vote result based on the number of proxies received by the Corporation. After the conclusion of the meeting, the results of the vote will be disclosed publicly.

If, with respect to any particular nominee, the number of shares “withheld” exceeds the number of shares voted “for” the nominee, then for purposes of this policy the nominee shall be considered not to have received the support of the shareholders, even though duly elected as a matter of corporate law (a “**Subject Director**”).

A Subject Director is considered not to have the confidence of the shareholders, and is required to promptly submit to the Board of Directors his or her resignation, to take effect upon acceptance by the Board of Directors.

The Nominating and Governance Committee (the “**Governance Committee**”) will promptly consider the resignation submitted by a Subject Director, and the Governance Committee will recommend to the Board of Directors whether to accept the tendered resignation or reject it. Except in exceptional circumstances that would warrant the continued service of the director on the Board, the Governance Committee will be expected to recommend that the Board of Directors accept the resignation of the Subject Director.

The Board will act on the Governance Committee’s recommendation no later than 90 days following the date of the shareholders’ meeting where the election occurred. The Board shall consider the recommendation of the Governance Committee and shall be required to accept the resignation of the Subject Director, absent exceptional circumstances. Following the Board of Directors’ decision on the Governance Committee’s recommendation, the Corporation will promptly publicly disclose, by way of press release, the Board of Directors’ decision whether to accept the resignation of the Subject Director, a copy of which is to be provided to the Toronto Stock Exchange.

To the extent that one or more Subject Director’s resignations are accepted by the Board of Directors, the Governance Committee will make a recommendation to the Board of Directors to fill such vacancy or vacancies, subject to the board nomination rights that certain shareholders may be entitled to under contractual agreements.

Any Subject Director who tenders his or her resignation pursuant to this provision will not participate in the Governance Committee’s recommendation or Board of Directors consideration regarding whether or not to accept the tendered resignation. If a majority of the members of the Governance Committee are considered Subject Directors, then the independent directors who are on the Board of Directors who are not Subject Directors (or who were not standing for election) will appoint a Board of Directors committee amongst themselves solely for the purpose of considering the tendered resignations and will recommend to the Board of Directors whether to accept or reject them. This committee of the Board of Directors may, but need not, consist of all of the independent directors who are not Subject Directors or who were not standing for election.

This policy applies in an uncontested election of directors (i.e., an election where the only nominees are those recommended by the Board of Directors) and does not apply in any case where the election involves a proxy battle.

This majority voting policy will be summarized in each management information circular relating to an election of directors of the Corporation.

(Adopted on March 20, 2013 and amended and restated on April 15, 2019)

On an annual basis, administered by the Nominating and Governance Committee, each director completes two self-assessment questionnaires. The first pertains to the evaluation of the Board and the second to the evaluation of the Chair of each committee of the Board. The self-assessment criteria in the questionnaires include the following: the Board of Directors’ responsibilities, its relationship with management, its activities and its composition, the structure and activities of the Board committees, the material prepared for the Board of Directors and committees’ meetings and the timeliness of distribution of such to the Directors.

No precise quota relating to the representation by gender within the Board of Directors has been adopted in order that the HR Committee may evaluate globally the qualities and skills of eventual candidates instead of focusing solely on the gender of such candidate. This also allows the HR Committee to avoid situations where one could think a person has been retained based on gender alone.
(b) If an issuer has adopted a policy referred to in (a), disclose the following in respect of the policy:				N/A
(i) a short summary of its objectives and key provisions,				
(ii) the measures taken to ensure that the policy has been effectively implemented,

If the issuer does not consider the level of representation of women on the board in identifying and nominating candidates for election or re-election to the board, disclose the issuer's reasons for not doing so.				When the Nominating and Governance Committee selects candidates for director positions, it considers not only the qualifications, personal qualities, business background and experience of the candidates but also the composition of the group of nominees, to best bring together a selection of candidates allowing the Board to perform efficiently and act in the best interest of Fiera Capital and its stakeholders.
